Mayor wishes DP leader a successful failure

Mayor Joseph Holton of Lindsay extended a two-edged sword to the new Democratic Party leader T. Douglas when he arrived at Victoria Park Tuesday evening.

"I wish you succeed on your trip but I hope you don't get too many votes," the mayor said, remarking that he had had the privilege of knowing Mr. Frost quite well, having met him on many occasions.

Former Lindsay boy ordained into Priesthood at Peterboro

James Scott, a former Lindsay boy, was ordained, with two other priests of the diocese at St. Peter's Cathedral, Peterboro, last Saturday, by Bishop Hunter.

Father Scott solemnized his first high mass on Sunday, in St. Gregory's Church, Ottawa, at 12:30 p.m. and relatives, friends and honored guests.

He completed grade 12 at the Lindsay Collegiate, and St. Michael's College in Toronto, completing his training at St. Augustine's Seminary.

He was employed here for many years in the trade at Lindsay before accepting a position as foreman with the Ontario Telephone Company.

Married to Rita Sadler, of Lindsay, Mr. and Mrs. Scott have six children, James, Karen, Peter, Carol-Anne, James and Paul, and all reside in Ottawa.

Will be speaking at Alliston

A. E. (Al) Hancock, Social Credit candidate for Victoria riding will be speaking at Alliston (Dufferin-Simcoe) on Monday.

As past-president of the Raymond, Alberta Rotary Club, Mayor Hancock will be a luncheon guest of the Alliston Rotary Club.

Battle of planks

The battle of the ballot is in the final stage and the battle of the planks is reaching new heights.

According to Clayton Holton, Conservative candidate for this riding he has had hundreds of election placards tacked up along practically every road in the constituency but as fast as they are put up some are being taken down.

Speaking at Little Britain on Saturday night, Mr. Hodgson said, "I notice that four sign personally put up the four corners of Little Britain have been removed and the sign at the gateway to the park is now lying in the ditch. The same thing happened in last campaign."

Traveling down the highway from Hallsboro, Mr. Hodgson on Monday morning a representative of the conservative candidate counted 44 or 50 of Mr. Hodgson's signs down.

When contacted following the meeting, Mr. Skitch expressed his thoughts. "Some time ago Premier Leslie Frost worked on the idea of starting an agricultural college at Lindsay but the building will be built elsewhere."

Continuing, Mr. Skitch added, "The Peterboro University is to be launched on a small scale and then built up gradually."

It was decided to leave the

Golden wedding day celebrated at Caesarea

Mr. and Mrs. Edmond Skelton were honoured by their money and two garden neighbours and friends in Caesarea at a tea on the occasion of their Golden Wedding Anniversary. The couple were presented with corsages following which many good wishes were extended to them.

Mrs. MacGregor, on behalf of the community, presented them with a sum of money and two garden neighbours and friends in Caesarea at a tea on the occasion of their Golden Wedding Anniversary. The couple were presented with corsages following which many good wishes were extended to them.

Mr. and Mrs. E. Skelton held open house on Sunday, June 3.

A two-car accident causing no extensive damage to his car, big rally.

Officials of the party told "The Post" that while leaving Rampton airport with the Doug-lass party, Mr. McPhail was driving from the parking lot when his car was sidestepped by another.

The other driver was a woman with a number of children in the car.

Considerable damage was done to both cars.

After reporting to the Toronto police, he drove to Lindsay, just to look at the damage. But after a brief visit with headquarters, continued

Sincere sympathy is extended to Mrs. R. Manning and her family on the death of her husband, Rev. Robert Manning, Minister of High Park Presbyterian Church, Toronto, who passed away suddenly at his home Bond St. E. on Thursday afternoon. The funeral service was held from the Turner and Prentice Funeral Parlour on Saturday afternoon. Interment was in the Maple Cemetery.

Mrs. and Mrs. J. D. Thomson and Miss L. J. Murchison attended the funeral service.

Mrs. Irene Rette spent the weekend with her brother and sister-in-law, Mr. and Mrs. Ray Rette at Bradford.

Cannington 'wet' forces petitioning for vote

Cannington voters may soon see "which would have been 215 percent on the last voters' list, that remains dry or goes 'wet'."

The required number of signatures have been secured and the petition is expected to go to the Liquor Control Board this week.

Harold Blackburn, Queen's Hotel owner told "The Post" that he completed the petition which was started in March, last week and was quite pleased with results.

Of the 612 residents, 185 signatures were secured, he said.

chard, Adele Coulter, Linda Dudman, Suzanne Deacon and Nancy McInerney. The song and dance routine which followed was "Take Me Out to the Ball Game" with Susan Bush and Katherine Fleming. A parody of the Wooden Soldiers was presented by Anne Cox, Carol Hewitt, Sherry Anderson and Anne Marie Griffiths.

A playlet, "The Punting" was very ably done with Beverly Coulter as the artist and a dance by Nancy McInerney. Next on the programme was Happy Kicks by a number of girls, Shannon Keroch, Allison Brandon, Adele Coulter, Dora Hewitt, Nancy Nesbitt and Suzanne Deacon.

A short play was presented next, "The Princess Who Wanted to be a Fairy", with main parts taken by Susan Bush, Katherine Fleming, Suzanne Burk, Nancy Nesbitt, Shannon Keroch, Beverly Coulter, Theresa Strong, Allison Brandon, Lorraine McKnight, Adele Coulter, fairs were Suzanne Deacon, Linda Dudman, Mary Ellen James, Louise Pritchard and Nancy McInerney, browies being Ann Cox, Susan Griffith, Moleen McInerney, Carol Hewitt, Caroline Fleming, Gaye Conybeare, Eleanor Madill and Ilay Sears.

The grand finale featured the full cast, and concluded with National Anthem. This was a splendid concert of local talent and certainly a grand effort on the part of as well as the stage.

Mrs. Strong, Tanya and Colleen Hewitt with their music, and all the interested parents who did the costumes and sets as well as the stage.

AS ARE DE FOR FARMERS

Farms are homes as well as work-places. The family farm should remain a vital element in the life of Canada, able to provide standards of living comparable to those of other Canadian families.

The Liberal Party Will Therefore Take Vigorous Action To Enable Canadian Farmers To Raise Their Incomes.

- Expand Canada's export of farm products.
- Serve farmers with information on the market outlet.
- Establish a research council for marketing, processing and production.
- Through the Industrial Development Bank, provide long-term capital for co-operatives.
- Encourage national co-operatives and marketing boards, where farmers want them.
- Improve price-support measures.
- Improve farm credit.

Create Additional Sources of Income

For example, the government will encourage small industries to establish in country towns and villages. It will develop suitable land for recreational and tourist use. It will improve land-use and save good farm land from unnecessary encroachment by urban expansion. In appropriate areas the government will loan capital and provide expert assistance for the better use of wood-lands.

Miss Thelma Smith of Oakville and her sister-in-law, Mrs. Harry Smith, of Toronto, called on friends and relatives here last week. Their aunt, Mrs. Ethel Callaghan, who has been a patient at The Star Haven Rest home in the village for some time accompanied them home.

Miss Betty Mark of the Weston Teaching staff spent the weekend in the village at the home of her parents, Mr. and Mrs. Everett Mark.

Messrs. Walter Kirk and Everett Kirk of Whitby, are spending a few days each at the village where they are getting the machinery and equipment of the Stokely Van Camp Co. on readiness for their annual Pee Threshing operations. It is reported that some 400-405 acres of peas will be threshed.

The many friends of Mr. S. Omerod are glad to hear that he is now recuperating nicely at his home in the village after being confined to the Ross Memorial Hospital in Lindsay as the result of a heart condition for several weeks.

Mr. Donald Jenkins left for Oshawa on Friday of last week where he has secured employment at General Motors.

Greatest racer of all times will drive at Mosport

Toronto, June 6—(CNW)—Juan Manuel Fangio, of Argentina, the greatest racing driver of all times, will drive in a demonstration sponsored by the British Motor Corporation at Mosport Park June 8. It is announced Tuesday by H.J.L. Suffolk, managing director of the corporation.

Fangio will also act as honorary starter for the Rovers' 200. Fangio, 50, who retired in 1958 with five World Championships and 16 Grand Prix races—both his Mini-Cooper in the demonstration. He will be making his first visit to Canada.

Other top drivers, including Innes Ireland, of Great Britain, and Rodger Ward, winner of the Indianapolis 500, will compete against Canada's Jerry Polivka, Francis Bradley and Gordon Brown.

The Mini-Cooper is a 10-foot long car with transversely mounted engine and front-wheel drive capable of hitting speeds up to 120 miles per hour.

Mr. Suffolk said: "Although Fangio has not raced in Australia—heals or Mo's during his great career, he is still an idol. He will be making his ours and to let the fans see him makes sense to us."

Over 100 girl athletes at Brock track meet

Canington (PNS)—Over 100 girl athletes from various high schools belonging to the Georgian Bay Secondary School Association were at Brock District High School on Saturday for the association's annual track meet.

Richmond Hill H.S. took the top honor, with Brock second. The remaining honors went to Huntsville, Banting Memorial.

Has practice session with Maple Leafs

Canington (PNS)—Vernon "Phil" Willis was in Toronto Saturday for a practice session with the International League Maple Leafs at the ball stadium. For the two-hour session Vernon pitched for hitting practice and received instruction on the finer art of ball playing. He will return to the Leafs during the summer holidays for further instruction and practice.

Some hailstones!

Tommy Warlow, vacationing at his grandfather's summer home on Stony Lake near Peterborough, points to hailstones which fell during a recent storm in that area. Some of them were over two inches in diameter, and caused considerable damage to some of the trees, stripping them clean. Other cottagers reported many windows broken and one man had the steering wheel on his foot cracked.

MEETING BEHIND CLOSED DOORS

Kanadian European Community leaders are meeting behind closed doors in the Kremlin to deal with mutual economic and trade problems. Though called to deal with Communist economic issues, it is believed the meeting will also deal with cold war questions, the Soviet-Chinese rift and future relations with Yugoslavia. Only Albania of the Soviet Bloc is not attending the conference.

ADMIT SHORTAGE MILK, BUTTER, MEAT

The official Communist newspaper in East Germany has admitted there is a definite shortage of milk, butter and meat. Reports reaching West Berlin say that in many places there is no milk available even for children. The Communists indicate that collective farmers are working under the eye of party officials and charge many local leaders with being lax.

CAPTURE 17 SECRET ARMY MEMBERS

French security forces have captured 17 Secret Army Organization members in a farm house south of Algiers. The raid came as the terrorist organization extended its voluntary ban on terrorism until midnight tonight. From his death cell in a Paris prison, Edmond Jouhaud—second in command of the secret army—spoke for an end of bloodshed in Algeria.

AGREE TO LAUNCH JOINT SATELLITE

Soviet sources in Geneva say the U.S. and Russia have agreed to launch a joint weather satellite. The sources said the two powers also have agreed on a project to measure the earth's magnetic field. The agreement could be the first result of a message exchange in March between President Kennedy and Premier Khrushchev.

DEATH POSTPONES ELECTION

The death this morning of Liberal candidate Albert P. Lavigne in the Ontario Seaway riding of Stornott was taken a postponement of the election in that riding until sometime in July. Lavigne, who was 53, was taken to Cornwall hospital over the weekend after suffering a slight heart attack. Lavigne won the riding for the Liberals in 1957, held it in 1957 but lost it to the Conservatives in 1958.

SAYS DEVALUATION MEANS HIGHER PRICES

Liberal party chairman Walter Gordon says the devaluation of the dollar will mean higher prices for coffee, fruit, juices and all imported goods. Gordon, who would probably be the next Finance Minister should the Liberals win the June 18th election, spoke at a Liberal rally in Kingston, Ontario, last night.

CHARGES JANGALON ARREST UNLAWFUL

Mr. Toronto judge Mr. Justice Gault has charged that the January arrest of a New York Rabbi was "unlawful." The Rabbi was picked up after police received a complaint about a letter in an area, where several sex offences had been committed. The letter was questioned by another officer a short distance away while several officers were attempting to force the Rabbi into the cruiser.

CONTINUE SEARCH FOR PLANE

The Ontario Department of Lands and Forests is continuing the search near Cockshaw for the wreckage of a light plane. The plane is believed to be the one that carried Toronto Maple Leaf hockey star Bill Barltro to his death eleven years ago. Two helicopters are scouring the area after another whirly bird accidentally crashed the wreckage last week.

BECOMS POLITICAL COMRADE

Former U.S. Vice President Richard Nixon has begun his political comeback by winning the Republican nomination for California Governor. Nixon defeated Conservative Joseph Shell of Los Angeles in yesterday's Primary by a 3-1 margin. Nixon goes against Democratic Edmund "Pat" Brown in the November election.

Cabin, contents, razed in Grass Lake fire

Haliburton (PNS)—Mr. and Mrs. Harold Brodhead lost their cottage and all their belongings in a fire that swept through the cabin on the shore of Great Lake near Haliburton village about 4 o'clock Saturday morning.

The fire is a mystery as Mr. and Mrs. Brodhead were not there and had not been there. The T.V. set was also burned.

The living quarters was at the Haliburton Restaurant dock, close to the water. Firemen were called but on arrival everything was burned, only the chimney stands.

HOW ARE CHILDREN TO KNOW

How are children to know what dangers they meet,
When swimming at their favorite retreat,
Weeds and holes and big sharp rocks.
Teach them the hazards that they're to watch.

How are the children to know that an air-filled toy,
Can bring the death of a little boy,
A gust of wind blows it out of reach.
Keep air-filled toys up on the beach.

How are children to know when swimming alone.
That water can take them far from home.
Swift speeding currents go way out to sea.
Teach them to swim in company.

How are children to know a-on speeding boat,
That an upset makes it stop to float.
Spill in the water but not near the beach.
Give them life-jackets, one for each.

How are children to know about water and air,
The sea and the sky and how to take care.
From you they see how to live and to learn,
From you they know which way to turn.

LEADERSHIP that is firm in principle; Leadership on the side of the average man; Leadership dedicated to helping the weak and oppressed, ranged against the self-interests of the powerful.

After 22 years of Liberal rule, John Diefenbaker restored the Government of Canada to the people. His policies are devoted to the interests of the average man; his program means fair shares in the nation's growth and prosperity for all parts of Canada. His purpose is one Canada, united, free and independent.

John Diefenbaker brought a new era of Social Justice and Human Betterment to the Canadian people, putting an end to the Liberal "six-buck" mentality which, in an era of uncontrolled inflation, meant distress and suffering to tens of thousands of Old Age Pensioners, Veterans, Disabled Persons and their families.

Until John Diefenbaker restored Parliament as the free voice of the nation, "divine right" Liberals rode rough-shod over Canada's parliamentary traditions and powerful bureaucrats flaunted the rights of the people.

Until John Diefenbaker brought a new deal to Agriculture, the Canadian farmer was denied markets for his produce, while his income fell below subsistence levels. Mountains of unsold wheat once loomed over the Canadian economy; today, Canada is the largest wheat for cash nation in the world.

The dead hand of defeatism was removed from Canada's Trade and Commerce Department. In 1961, Canada sold more goods abroad than she imported for the first time in nine years... an overall change of nearly \$900 Million.

The Diefenbaker Government gave Canadians title to their own natural resources. After years of Liberal neglect and default, the people of Canada are today rightfully sharing in the wealth of their own inheritance.

The Government of John Diefenbaker gave the Atlantic Provinces new measures of equality and opportunity. While leading Liberal centralists recommended the expulsion of "surplus" Maritimers from their native provinces, and advised cutting off further aid to the coal industry, John Diefenbaker acted on the just claims of the Atlantic area for a fair deal.

Canada's Prime Minister spoke out for the captive nations of the world, enslaved by Communist colonialism; upheld principle in the Commonwealth by standing firmly against racial discrimination; gave Canada's Indian population the full franchise... a basic right long denied them. His has been the consistent voice speaking for those who must be voiceless because of tyranny, discrimination and prejudice.

John Diefenbaker has the continuing trust of the Canadian people; his courage, principle, wisdom and compassion are the qualities of leadership Canada needs to achieve her national destiny.

Bassam Lake claims life for four-year-old boy

It doesn't take long...

It doesn't take long to change the hooks of a couple of cars... just one accidental meeting does the trick. Carver, left, and Melville Montgomery look over their respective vehicles following a collision at the intersection of Cambridge and Peel Sts.

Police recover abandoned car

An abandoned car reported stolen, belonging to William J. Hall, of Queen St., Lindsay, was recovered Monday at Stony Creek by district O.P.P. The car was reported to be in apparently good condition. Investigation continues.

Driver taken to hospital

James White, 23, of Preston Falls, was admitted to Ross Memorial Hospital Saturday night following a one-car accident on Highway 121 near Powles Corner. Police say the car in which he was driving left the highway, flipped over, and landed on its wheels. Damage to the vehicle was expensive, but not yet determined. Police are still investigating.

Found lying face down in water

Brian Peter Hummel, 4, son of Mr. and Mrs. Clayton Hummel of 63 Northridge Ave., Toronto, was drowned Sunday afternoon while playing at a friend's cottage on Bassam Lake. Police say Mr. and Mrs. Hummel were visiting at the cottage of Kimer Evans, a sergeant on the Toronto police force, and his wife, when they found the boy face down in the water. Mouth-to-mouth respiration was applied by Mr. Evans prior to the arrival of Dr. R. E. Jamieson, of Cobocook, who then pronounced the boy dead. Coroner Dr. G. C. Johnson, of Preston Falls, was called, and the body was later taken to Toronto.

WELCH PROMISES POSITIVE ACTION ON OVERDUE NEW SCUGOG BRIDGE

Car ditched on curve, woman in hospital here

Mrs. Kendall Rowe, of R.R. 1 Swamp, Belleville, was admitted to the three passengers in the back seat were thrown clear when the door came open. Two of them, Mr. Francis Kenner and her daughter, Susan of 707 Hill received minor bruises, and were treated at the Hallowell Red Cross Outpost, by Dr. D. W. Clascy, and released. The other passenger, Mr. Kendall Rowe, was taken to Ross Memorial by the Hallowell fire department ambulance, where she was treated. Damage was estimated at about \$200.00.

A new bridge over the Scugog was a big pinch in the Liberal platform reviewed by Frank Welch, candidate for this riding. The construction of this bridge in the Town of Lindsay, is long overdue, declared Mr. Welch, speaking to party workers in the Liberal committee rooms, Clegg Building, 6 William St. N. He promised to take positive steps to see that the bridge is constructed as quickly as possible. It is elected on June 18th. This construction, in co-operation with the Department of Transport should have been included in the estimate which expenditures of the Trent-Carleton System were authorized. Mr. Welch declared. The Liberal candidate also emphasized his wholehearted support for the Liberal party as set out by leader Lester B. Pearson re the establishment of a Municipal Loan Fund at reasonable interest rates to improve municipal services and get construction moving. Said Mr. Welch: "I will, if elected, also press for larger grants to municipalities such as Lindsay, contemplating construction of sewage disposal plants for the protection of our natural resources from pollution."

Soured candidate officially in

This riding is officially in the election contest. He put up the \$7500 deposit to enter the election on Saturday morning. Mayor A. E. Hancock of Raymond, Alberta, says he believes as firmly in Social Credit policies that he offered to stand in this riding rather than see the seat go uncontested.

150 attend PC rally hear Hon. Earl Rowe

One hundred and fifty interested people gathered in the Little Britain Community hall, Saturday night, heard speakers discuss the case of the Diefenbaker government. The speaker was the Hon. Earl Rowe, Minister of the Interior. He spoke of the achievements of the Diefenbaker government, paid tribute to Clayton Hodgson as the man with experience who is recognized by the government colleagues as well as the opposition as one of the hard workers in the interest of his riding.

In extolling the revaluation of the Canadian dollar as a result of the case, he cited a case where the selling of British Columbia lumber dried to buyers in Miami had resulted in the B.C. lumber market getting a foothold while with Florida dealers being unable to compete.

Mr. Rowe claimed that the Diefenbaker government has managed a great deal of progress among world powers. There is a better understanding between labor and management and the government, the farmer and the business man, he said.

John Diefenbaker has done more for the education of the young, and the aid of veterans, old age pensioners, mothers and unmarried mothers than any former government ever did, the speaker declared.

The Candidate Clayton W. Hodgson, P.C. candidate for this riding, now seeking re-election, stressed the development of the roads of Victoria and Hallowell counties made possible during his years of office.

In this connection he mentioned his dream of developing a highway from Ottawa through Bancroft to connect with the Trans-Canada at Georgian Bay. This is now working completion and made possible for many by an expenditure of hundreds of thousands of dollars he pointed out. He spoke also of the old Menk Road, one of the oldest military roads in Canada which extends from Ottawa through Bancroft, through Kilmount, and which this year is being extended through "N" to Orillia.

Somerville council seeks 5-day liquor sale

Clerk says village feels business lost

In a bid to keep more business in Kilmount, Somerville Council has instructed Clerk Williamson to seek permission from the Ontario Liquor Board to keep the new Kilmount liquor store open five days per week including Friday nights.

With liquor stores hours coinciding with those in larger centres such as Boborygon and Lindsay, council was of the opinion tourist business of the area could be directed to the three Kilmount stores which offer household groceries and supplies competitive with larger centres where liquor supplies are also available.

Since the opening of the Kilmount store May 15th, by order of the liquor board, the hours have been confined to two days per week - Tuesdays and Thursdays, with a p.m. closing. Council thought a longer opening should be authorized before the influx of tourists to the 300 cottages in the area including Crystal, Salmon, White, and New Devon.

Three pileups in Lindsay on weekend

Ray William Davey, 22, of Oakwood, and Murray Earnest Grant, 71, of Lindsay, were the drivers involved in a collision at the intersection of Cambridge and Russell Sts. on Saturday.

Davey was driving east on Russell St. W. and the Grant car was travelling north on Cambridge St. S. when the accident occurred. The Davey car was spun completely around and damage was estimated at \$275.00.

Damage to the Grant vehicle was about \$350.00. No one was injured.

Larry Wayne Marshall, of Nanaimo, and Maurice Bernard Charlebois, of Lindsay, were the drivers involved in a collision on Kent St. near Silverwood's Friday night.

Damage to the Marshall car was about \$35.00 and to the Charlebois car \$110.00. There were no injuries. Constable Williams Bowes investigated.

Gerard Vallancourt and Audrey Tamlin, both of Lindsay, were drivers of cars involved in a minor accident on Russell St. W. Saturday.

There were no injuries, and damage was estimated at about \$35.00.

Constable Jack Henley investigated.

CARE IN PLANTING

ROSE STRAWBERRY

There is nothing like a nice dish of strawberries on a hot summer day, and the fresher the better their flavor. They are at the peak of perfection just after they are picked, so why not have your own strawberry patch right in the garden? Here are a few pointers on herbocultivate with the Ontario Department of Agriculture on how to go about it.

You should get your plants into the ground as soon as possible, especially this year with early spring. If you haven't already ordered them, do so right away. Strawberries like a well-drained soil with lots of nutrients, so start by adding 1½ lbs. of a complete fertilizer to 100 square feet of soil. Scatter it evenly and work it well in to the soil. You can also use a good loose bed for planting.

If you get your plants before the ground is ready, be sure to store them at about 32°F., and don't let the roots dry out. If the plants are kept in a cool, dark place at this temperature, they will keep with subsequent killing of the crown. If you have a crown before you start planting, cut off the dead leaves and runners, and trim the roots to 2½ inches. To do this, gather the roots together in one hand and cut with the stringy tip with a sharp knife. This makes planting much easier, and rather than hurting the plant, it helps them to become established.

While you are handling the plants for trimming or when they are in the ground, be sure to use the roots to the water. If the roots are in a bucket of water.

If you get plants from a friend or from another bed in your own garden, select those that are well-developed, crown and are about 2½ inches high. Avoid plants with blackened roots or crown. When you have selected the plants, have the choice of the "matted row" or the hill system which is useful for the varieties which do not produce good runners.

For the first system, set the plants 18 to 24 inches apart in rows that are 3 to 4 feet apart. Let the runners develop to fill out the row.

For the "hill" system, set the plants 12 inches apart in the row, space 2 to 3 rows 15 to 18 inches apart. Then leave who will sit through the row 30 inches between this group and the next row. You should know all runners as they develop during the growing season if you use the hill system.

When planting the plants in the ground, make sure that the roots of the crown are in contact with the soil surface. Buried crowns will smother and rot, crowns that are too high will often dry out.

Don't forget that you are planting for your main crop next summer, so for the best results remove the flower clusters this summer. This allows the plants to put their full growth into plant production, and you will have dividends next year.

Strawberries are shallow-rooted, so try to keep weeds to a minimum, as they will steal water from the plants of their moisture and nutrients.

Citizens
A Tillsonburg, Ontario woman and her family have been named United States citizens. Mrs. Anna McHugh went to Tucson, Arizona almost five years ago for her health, she was suffering from arthritis and her doctor recommended the climate there. She says that the doctor's suggestion was right. Her health has

improved greatly and her family have thrived in Arizona. Recently Mrs. McHugh, 61, husband, Joseph P. McHugh, 62, and two of her sons became U.S. citizens. The boys are David, 20, and Donald, 19. Another son, Charles, became an American automatically with his parents because he is only 10 years old. A fourth son, however, is still a Canadian until he takes out U.S. papers himself. According to American law, persons between 16 and 18 must wait until their parents are citizens before making an application for citizenship. Mrs. McHugh's 13-year-old son, Vol, in this predicament. Mrs. McHugh's husband is a sales representative for a Tucson entry company. The oldest son works for the next two are in high school. The youngest, Charles is in the fifth grade.

Hair Fashion
The new hair fashion to score a hit in Paris is a short, easy to care for style. — One Cassini—perhaps conducted by giving him a real hair designer for Jacqueline Kennedy has come to the defense of the hair. The hair is not too long, it is shaped with a teased crown and back. The diagonal bangs actually look vampy — at times almost like an eyebrow. Economical Pleasure
As an outdoor exercise, walking is an economic pleasure that not only exercises all your muscles but requires no expensive equipment. Comfortable, well fitting shoes and clothing, a raincoat, a sack to eat on, a stick, and his tickets to take you out to the country road are all you need for a healthy workout.

Confusion of Years
Crown of the feet are a confusion of years of lifting shoes and neglect of the feet. To avoid corns, shoes should be properly fitted by the salesman when they are purchased, especially for children whose feet, it should be remembered, may change a whole size in two months.

Spring cleaning time — raking leaves and lawn care, carrying the screens — discarding boxes filled with clutter. But a professional house cleaning firm says the lady of the house must analyze what type of spring cleaner her husband is — then have him help her. The cleaning company lists six male personality types and how to deal with them at spring cleaning time.

One is the scavenger and another who will sit through the rain to finish his wife is about to throw out. Another is the subtle manipulator who has an elaborate getaway plan, so that he can evade spring cleaning. Another type is the disorganized who's freer with advice than help. Then there's the lost housewife. He wanders from room to room, looking for a comfortable chair in which to sit.

behind his newspaper. The King Tarack" type rises above the clutter, especially noting the signs of upheaval. Finally, there's every woman's hero. He's the fellow who arranges to help with the heavy lifting. He calls in professionals to clean rugs, upholstery and walls. He also takes his wife on a spring cruise.

Oligation
An expert on the subject says that schools have an obligation to work with the parents of handicapped children — as well as with the youngsters themselves. Dr. C. S. K. W. Anderson, R.R. 3, Hoboken, N.J., says that schools can't afford to send a handicapped child home if the involvement has been adapted to his problem. For this reason, he said that educators must work closely with parents to help them overcome the youngsters' natural emotional problems.

Legion president and secretary fly to Halifax
President Jack Dames and Secretary-Margaret E. Swart, left by plane from Malton Airport on Sunday morning to attend the Dominion Convention of the Royal Canadian Legion held in Halifax this week. The Convention will be in session from Monday morning until Friday afternoon.

Members of the Legion will follow with great interest the many items that will be brought to the convention from some three hundred delegates around the Dominion. Branch 67 personnel say they are proud to be represented at the great gathering of Legionnaires in Halifax.

Police are still investigating.

Household Hint:
Rub hinges of a creaking door with a lead pencil.

Open Face Cheese and Bacon Burgers: Grate cheddar cheese and moisten with salad dressing. Cook until tender. Re-moistened. Spread on hamburger buns halves. Lay thin slices of cheese on top of each burger for 8 to 10 minutes in a broiler or hot oven. Remove and garnish with a little catsup or chile sauce. Serve hot with pickles.

Barb the families of Lindsay and surrounding districts with daffodils for service and economy since 1959.

Noticed

WCS. CORNWALL
along the way

Minimom residents are having callers of wild nature.
A moose dropped into the village around the witching hour one night last week. It entered from the east, snubbing down the road by Hugh McNamara's residence and electrical shop. Crossing the bridge he headed for Main Street, it took a brief look at the shopping centre and disappeared behind Gilmour's Variety Store.

Anyone looking for a used car with low mileage might drop in at Brock Motor Sales, London. An ad carried by this paper this week contained the following unusual low mileage — previous owner young fellow. Used mostly for parking.

People with boats bearing Canadian Boating Federation and Dept. of Transport plates put on by the manufacturer are in luck. They won't have to re-plate to the Dept. of Transport for the special plates issued by the department. Collector of Customs John H. McDonald of Lindsay says this advice has been received from the Superintendent of the Department of Naval Service, Dept. of Transport, Boats bearing Ontario Motor Association marking or plate by U.S. manufacturers must apply for the Dept. of Transport plates.

But not really...

There really isn't any discount on operations currently being performed at the Ross Memorial Hospital even though the sign in the picture above might give that impression. The sign has, of course, to do with the discount rule being conducted by Midtown Furniture at the Exhibition grounds just up the street a place.

Regent H. Sergeant chairs Fenelon IODE
The monthly meeting of the Regent H. Sergeant chairs Fenelon IODE was held with Regent Mrs. Helen Sergeant presiding. The meeting opened with the Prayer and the reading of the flag. A letter was read re National P.E.I. It was unanimously decided to name Mrs. W. Morrison, Pres. President delegate.

WHAT KIND OF A DISCOUNT
Lately the most kind of name discounts has been the "discount." They give the impression that these firms are in business to sell items below cost. Suddenly they have become "discount" stores.

Devalued dollar for big exporters, Gordon claims

Owen Sound-UPN-We'll call the Canadian Economic Development Minister, Mr. Gordon, tonight claimed that the government's devaluation of the dollar is a "great mistake."

Speaking here at a Liberal party rally, he described the devaluation as "an act of desperation by a government by which it has lost control of a worsening situation."

Gordon said the "devalued dollar is fine for big exporters, but it is a disaster for the rest of the economy."

STOP.... Killing yourself

By Peter J. Steinhorn, M.D., F.A.C.P.

WANTS TO LIVE TO BE 100.
These days when we are so depressed by the potential destruction of the "bomb," I receive many letters from people who say, "What's the point of living and planning?" In fact, many feel like old timers at 30 or 60 and don't care to go on living. Like a breath of fresh air comes this letter from a reader in Illinois:

Dear Dr. Steinhorn: My problem is how to maintain my present good health and live to be 100 in all seriousness. Dr. Steinhorn, I do want to know how I can live to be 100 and continue to maintain and enjoy both physical and mental faculties which I am happy and proud to say I am at present enjoying.

I am 74 years young, and am 5 feet 10 inches, and my weight is 172 pounds - and has varied in 35 years I have raised a family of four daughters and am the proud grand father of eight grandchildren.

I am a widower. At present I am chief cook in a large hospital that I am only 60. I am an acre of ground, can putter in as I love the outdoors, raise flowers and vegetables, go fishing to some writing and get interested in civic and community affairs in

the small town where my home is located.
By the time I retire I will have about \$30,000 in the bank, and with my Social Security I can keep the wolf away and get by fairly well. My doctor tells me I'm at present in excellent health except for a small hernia that doesn't bother me.

How long can a person live and maintain his good health and mental faculties provided he obeys the laws of nature?

I eat simply, don't drink or smoke.
Comment: Considering your present condition - especially your cheerful mental outlook - I'd choose you over most people I know to live to a ripe old age. One hundred is quite a target, but it has been hit before, and I believe you're the kind of marksmen to do it.

HIVES CAN BE A PROBLEM

Dear Dr. Steinhorn: My husband suffers from hives. They swell up so big now they seem to be in his hair and he scratches until he has sores. (At first they were only on his face and arms. He uses barbiturates, but they don't seem to help.) - Mrs. W.

Comment: Finding the cause of hives is the important

thing. For example, if they are due to some food recently eaten, a good dose of castor oil or salts will usually clear up the condition.

But hives are usually more stubborn than that. Chronic urticaria (hives) is often a diagnostic problem. We look for the following possible causes: pollen and perfumes, bacterial infection, drugs like penicillin, liver extracts, serum, vaccines, vitamins, in pollen, etc.) food allergies, such diseases as Hodgkins or chronic blood conditions can be the cause.

Once we find the culprit, hives become less a problem, though how stubborn it can be under any condition. I have seen it last for months. Patients can't sleep, work or relax. In fact, sometimes when we can't find a physical cause we consider the possibility of an emotional factor. Many's the case of hives that has been caused by frustration and resentment. In such cases, sedatives and tranquilizers often help get the patient over his emotional involvement. Drugs like epinephrine help about the acute attack. Some times histamine, cortisone and ACTH help.

Wells farm meet for Farm Union

The May meeting of Ontario Farm Union was held at the home of Mr. and Mrs. Orville Wells in Badenow.

The meeting opened with moving picture on "Safety with Tractors". A reading by Mrs. Chynoweth "Safety in the Home". A reading by Mrs. Hopkins on "Safety in Driving". An open discussion was then held on tractor safety, which brought to light a lot of points.

A motion was made by Mr. Chambers and Mr. Nichols to donate \$5.00 to a Junior bowling league trophy. It was decided to send \$75 to Head of points.

The next meeting will be held in Belexy at the home of Mr. and Mrs. Mel Black on June 20th.

MYSTERY SOLVED

Official at an International Trade Fair in Budapest were puzzled as to why large crowds of Hungarian women kept walking up and down in front of one small booth.

The mystery was solved when it turned out French perfume was being sprayed from released by the Bell Syndicate) A Parian cosmetics display.

STOP!...killing yourself

By Peter J. Steinhilber, M.D., F.A.C.P.

PEOPLE CAN TURN WORRY OFF ON JUST LIKE THAT

Dear Dr. Steinhilber: My husband is a worrywart. He's a perfect example of a person who "fives scared." I tell him to stop worrying. He tries, but it does no good. He gets over one fear and then he finds another something else to worry over. Otherwise he's perfectly healthy, so he won't go to a doctor to find out "what's less" with him. May I hear your comment?—Mrs. D. (which could also stand for Distracted Wife).

Comment: Fear is a new life thing. You find it everywhere. That's why the sufferer deserves sympathy instead of jokes. As you are his wife, he probably turns to you as his last resort. He confides his fears in you, but probably stops down on them while he is at bedside with you, trying to enter a living under great anxiety pressures.

I have known football stars who were afraid of a scratch. I recall a champion boxer whom you couldn't get into an elevator for any amount of money.

Fears—phobias—worries to some degree each one of us has in life. Thousands of your

patients seem to have an attack of acute anxiety. It seems to come from nowhere and for many years later they are so anxious and scared that they can't even summon up enough courage to go to church or all in a novel. Chronic fear has taken over.

Now, worry is a form of chronic anxiety state. You find it in many forms. For example, there's the million-aire who is in daily fear that he will become poor. There's the respected president of a large organization who is in constant fear that he will lose his job. There's the man who worries about the health of himself and his family when all are well. In other words, he reasons "things are not going to happen." There's the man who has an occasional heart skip and is sure he is going to die soon of heart trouble. And so the who is always worried about having cancer.

There's also the patient with a simple cold, all we advise you to do (and it's far from being dramatic treatment) is to get home, get into bed, stay in bed, drink lots of fluids, stay out of draft, eat what you want—feed it or starve it. (L.C.)

Find bottled-fear children born in 1956 have more

strontium 90 than '47 babies

A dental research team in St. Louis has found that bottled-fear children born in 1956 have 16 times as much strontium-90 than children born in 1947. The team—11 members of the Washington University School of Dentistry—state that the amount still is far below the dangerous level.

Data was taken from tests conducted on baby teeth donated by parents. The researchers say data shows further tests will produce information needed—whether teeth can be used to measure the body's amount of strontium-90. Doctors say the isotope is found in fallout from nuclear tests...replaces calcium in bones.

Wig Carriers

The current wig carrier has produced a by-product that don't blow your nose too hard, and try a vaporizer for congestion in your nose.

If the cold hangs on, if the dog becomes worse, if you get fed up— we ask you to reach for the phone and let us know. It's the complications that make colds dangerous. (Released by the Bell Syndicate, Inc.)

Sunday movie note coming

for Ferenon Fans people

NOTICED ... along the way

Theatre men will pay the bill

Sunday movies are in the

news column to come. A

note on the issue is in the

offering Fenelon Falls.

At the last regular village

council meeting, a motion was

passed instructing the town

solicitor to prepare a by-law

for presentation to the council,

regarding Sunday movies.

Councillor R. Kendrick told

"The Post" the motion was

made on a suggestion from

Mr. A. and M. Conley,

present owners of the Fenelon

Theatre. They requested coun-
cil to call a vote to let the people
on the Sunday movie question
for which they would pay all
expenses.

"We felt that a chance

should be given to the theatre

owners, and also the residents

of our town," said. "and

as there will be no cost to us,

we have nothing to lose." It

might also help to stimulate

tourist business," he added.

Asked if there might be

opposition to a change of the

regulation such as a move, the

councillor said he didn't know

of one.

In his report to county

council Tuesday, Clerk F. L.

Weldon disclosed the judges

who suffered the heart seizure

while attending court in Belle-
ville will be hospitalized there
for five or six weeks.

Later he will convalesce at
home, returning to his Lindsay
office in the fall.

Some attending officers here,

Judge Curran suffered a
severe loss by fire when the
place in Peterborough was
destroyed.

The day winds up with a
poster didn't really mean stage show tonight.

This is the big day at Lin-

colled Britain... It's the annual of the "BASS

game day celebration by the
Mariposa Township in the
Memorial Park. C. J. Givoli
and Mayor Frank Jenkins are
seen above as they performed
part of their duties as per-
formers for the event. The
mayor pointed out that the
poster didn't really mean stage show tonight.

UNION CARBIDE POSTS SEASON'S SECOND WIN

Union Carbide posted the score. Symonds popped to short, but Pearson came through with a two-run double to give Hodgson a lead to work in the nine-inning. Feature of the game was the relief pitching of Don Lucas, playing coach of Union Carbide. Taking over in the sixth inning he held Canadian Tire to one run in the remaining four innings. Don reports that it is four years since he twirled in the League.

The factormen got to Canadian Tire pitcher Bob Oswald early and scored seven runs in the first three innings, bunching four hits in their three-run third inning.

Canadian Tire scored four runs in the fourth inning off the bullpen. A three-run homer by Dave Wainman was the deciding blow. A dropped third strike on the first batter to face Don Lucas followed by a single and two walks made it difficult for the veterans, but he managed four strike-outs in the first inning to ease the side at a price of one run. Don retired the Canadian Tire batters in order in the last three frames.

Dinner Pearson was good with the stick, last evening, collecting two singles and two doubles in five tries. Don Jewell followed with three singles for five.

Jack Spratt's triple with one out opened the scoring in the first inning when he scored on an infield out. In the second frame, an infield error and two walks landed the bases.

Mr. Walter Algar won the throw to the plate to force two-dollar day prize last night. Hodgson, but the peg to third night and graciously turned it off away permitting Parker to back to the League.

GETS A LOOK

The Queen's mother, Queen Elizabeth, gets a look at ancient and modern Canada today with a visit to and 18th Century Colonial Village and a cruise on the St. Lawrence River. The Queen Mother will visit Upper Canada Village—the reconstructed Museum town near Morrisburg, Ontario. This afternoon she is scheduled to cruise aboard the Canadian Frigate "Inch Arris" in the Thousand Islands Area.

REVEALS CONTENTS

Washington has revealed the contents of President Kennedy's note to Premier Khrushchev on formation of the new government of Laos. In the note, Kennedy said he was encouraged by the National Coalition Government but warned that no... what he called "unilateral actions anywhere" should be allowed to disrupt the progress toward peace in Southeast Asia. Kennedy's note was in response to a message received last night from Khrushchev.

ABOUT TWO YEARS

Diplomatic sources in Laos predict it will take about two years to restore genuine peace to the country. The sources say the most difficult task facing the coalition government is the integration of the armed forces of the three rival factions. A coalition effort failed in the late 1940s because of inability to unite the various armies.

SERVE NOTICE

Modern leaders in Algeria have served notice they will not offer new concessions to Europeans who remain in the territory. A statement from the rebel provisional government in Tunis says Europeans should not expect any more guarantees than those contained in the Evian cease-fire agreement. The Moslem statement urges Europeans in Algeria to "stop chasing mirages and be realistic," adding the "page of Colonial history has been turned."

MAY HAVE FELED

Reliable sources in West Berlin up to 45 East German refugees may have fled to West Berlin last weekend. Western officials refuse to comment but, if the report is confirmed, it would be the highest exodus from the west since the Communists built wall dividing Berlin went up last August.

REJOINS CAMPAIGN TRAIL

Prime Minister John Diefenbaker rejoins the campaign trail today... hitting three Ontario towns of Brantford, Guelph and Galt. Tomorrow he visits Toronto. Liberal leader Lester Pearson also moves into Ontario today after appearing at a giant rally in Montreal last night.

MORE THAN 5,000

A crowd estimated at more than five thousand heard Pearson say the tide of public opinion is moving steadily in favor of the Liberals, said Pearson: "One thing about the results of the election is now certain—the Conservatives can't win."

FACTS ABOUT YOUR CANDIDATE

Canadian Born. Aged 55 years. Married, with a family of Six Children, and Eleven grandchildren. A businessman and Farmer, now owning a farm, and having operated a Farm, a Dairy, and Insurance and Real Estate Business. Active in Chamber of Commerce and Service Clubs, and other Community endeavors. Active in Church. Has held many Civic Positions, including that of Mayor of Raymond, Alberta. Your Candidate has worked in the Social Credit since its introduction into Alberta nearly thirty years ago, and is well informed on Financial & Economic matters.

SOCIAL CREDIT
offers you
A PLAN

Only in Social Credit will you find a Sound Plan, rather than Empty Promises, which are only Bribes to get Votes with Your Own Money. Promises which can ONLY be fulfilled by Increasing Taxation, or Selling our Nation further into Debt.

Under our present system, All Money comes into existence as a debt, and is therefore cancelled out of existence when debt is repaid. We must use money in our Modern World. Social Credit would use the Bank of Canada as it was originally intended, to provide National Credit on a Debt Free—Interest Free basis, for the Administration of Canadian Affairs. This would provide VOTER taxes, and greatly lessen the burden of Debt which now holds All Canada in Financial Bondage.

YOU would not run YOUR business on a Deficit Bank. Why should Government be run Constantly in Debt? Social Credit says that the National Debt CAN be reduced and eventually paid. Social Credit WOULD use Sound Business Methods, just as they have done in Alberta and British Columbia, where those Policies are OUT OF DEBT.

Social Credit can END the Unemployment by making the Nation's Money Supply balance its Capacity to Produce. The work is here to be done. Canada HAS the Raw Materials and Natural Resources. The Man Power is available. Why have the Old Line Parties been able to get their "legions in Years"? The need is for a Proper Monetary Policy. A Social Credit monetary policy will change social Debt to Social Credit, and work WILL be available. NO OTHER PARTY has the SOLUTION. Let's Vote SOCIAL CREDIT, and we will PROVE that this can be done.

FOUR BASIC PRINCIPALS
of
SOCIAL CREDIT

1. The individual is a Divinely created being, and is the most important factor in Organized Society. He has inalienable rights which must be respected and preserved.
2. Government must serve the individual. The major function of Democratic Government is to secure for the people the results they want for the management of their public affairs, providing such is physically possible and morally right.
3. Freedom alone is not enough. We must have Freedom with Security. Economic Security is a necessary means for attaining true Freedom. We cannot be truly free while in financial bondage.
4. That which is physically possible and desirable can and must be Financially Possible.

THESE BASIC PRINCIPALS
can be fully realized through
SOCIAL CREDIT

Social Credit is NOT Socialism, but is dedicated to FIGHTING FREE ENTERPRISE, and protecting the RIGHTS OF THE INDIVIDUAL.

As your Candidate for Victoria - Haliburton - North Ontario, I pledge to you that I will diligently work for your interests, and a change from a system of Social Debt to Social Credit, through applying the above Principles.

A TIME FOR DECISION

The problems facing Canada today, on both the national and international scene, are perhaps the most perturbing in the nation's history. From nuclear arms to the record national debt, from the European Common Market to growing unemployment, Canadians face a time of decision, a time in which only a responsible government can exert the influences necessary to set Canada back on the road to recovery.

Again the electorate is disillusioned. After almost five years of Conservative government, it is apparent that most Canadians feel they have had enough. Some may return to the Liberal fold, whence they fled in 1957. But others will turn to the New Democratic Party, the party born in Ottawa last August at the greatest rally Canadians have ever seen.

In embracing the program and principles of the New Democratic Party, these voters will join thousands of other Canadians who now hold membership in the only truly democratic party in Canada — the party that differs in essential ways from the Liberal-Conservative bloc.

Hammered out from the floor of the New Democratic Party's founding rally was a positive program for the development of Canada's resources and the betterment of all Canadians.

— HERE ARE SOME KEY POINTS FROM THIS PROGRAM —

EMPLOYMENT —

A New Democratic Party government will ensure that automation or technological change affecting employment will be introduced in an orderly, planned way. Retraining and maximum assistance during industrial transition will be provided. Unemployment will be eliminated by creating and sustaining economic growth. Canadians will be encouraged to invest in Canada and foreign control of Canadian industries and resources will be reduced.

TRADE —

Positive steps will be taken to remove the barriers to world trade. New free-trading arrangements will be sought with the European Market and other trading areas.

THE CONSUMER —

A Consumers' Bill of Rights would be passed to prohibit unscrupulous promotion and pricing techniques and to fix limits on interest rates on consumer credit. Consumer co-operatives and credit unions would be encouraged.

HEALTH CARE —

Complete medical, surgical and dental care would be provided in co-operation with the provinces, the federal government meeting 60 per cent of the cost. A revitalized economy would provide funds for this purpose without increasing per-capita taxes.

PEACE —

A New Democratic Government will work to strengthen the United Nations and its agencies; give dynamic leadership in the promotion of universal disarmament; reject nuclear weapons for Canada on the grounds that increasing the "nuclear club" increases the chances of nuclear war; support the forces of freedom against all forms of totalitarianism; seek to make NATO an effective instrument for peace; assist the development and growth of newly-independent nations, and enlarge Canada's program of economic aid, loans and technical assistance to underdeveloped countries, to two per cent of national income.

THESE ARE SOME OF THE SOUND REASONS WHY PEOPLE ARE SUPPORTING THE NEW DEMOCRATIC PARTY

Horace A. James

Horace Albert James, of 2 Cambridge St. S., Lindsay, passed away at the Royal Memorial Hospital, Lindsay, on June 4, 1962 at the age of 76. He was hospitalized from November 2nd to December 24, 1961 and for the period prior to his death.

Born in Lochin, Ontario, he was the son of the late Mr. and Mrs. George Walter James and is survived by his wife the former Annie Margaret Norvick. He had resided in this district for approximately 22 years and was born in New Liskeard. Educated in London, he was caretaker at The Motors for 16 years and previously in this owned a carting business.

He was a member of St. Paul's Anglican Church.

Besides his wife he is survived by two daughters, Laura (Mrs. McCauland) of Peterboro and Mabel (Mrs. Coston) of Lindsay; one son Lloyd, of Peterboro; one brother Edgar, of Charlton, Ontario and one sister, Mrs. Clara Johnston, of Cornwall.

The following grandchildren also survive, Miss Betty McCauland, of Peterboro, Harold McCauland, of Edmonton, Alberta, Mrs. Jas. Hoston, of Peterboro, Miss Ann James, of Peterboro, George Bruce and Carole Coston, of Lindsay.

The funeral was held on June 6, 1962 from the Mackay Funeral Home, Lindsay at 3 p.m. Rev. D. Lenson, of St. Paul's Anglican Church conducted the service. Interment was in Riverside Cemetery.

The pallbearers were Hartley Kodman, William Lee (Sr.), Ernest Johnston, Stanley Edmonds, Chas. Perry and Geo. Maddock. The above were all fellow employees of the deceased at The Motors.

Among the relatives and friends from out-of-town who attended the funeral were his son and wife, Mr. and Mrs. Lloyd James, daughter and husband Mr. and Mrs. Jas. McCauland, of Peterboro, Mrs. Betty McCauland, Miss Ann James and Mr. Lawrence Gray of Charlton, Ont.; Messrs Lloyd and Lillian Richards, Timiskaming, Que.; Mr. and Mrs. Gordon Dalmer, Sudbury; Messrs. George Richards, Edward Norvick, Edward Bruce of Lindsay; Mr. and Mrs. Arthur Marshall and Mrs. Peatnickoff of Barrie; Mrs. J. Scully and Mrs. Terence, Mr. and Mrs. R. Beckett and son David, Mr. and Mrs. Norvick, Toronto, Miss Jean Moffatt, Mr. George Clarke, Peterboro and Mr. Robert Fisher, Barrie.

Bethany

Miss Margaret Lowes, who graduated with her B.A. degree from McMaster University is home for holidays throughout June and part of July with her parents, Mr. and Mrs. Donald Lowes. Their guests were students from the University, Miss Maria Vlaho, formerly of Yugoslavia, who is in her second year of a general arts course, and Miss Savitri Shanker, a Commonwealth scholar from India, who will complete her M. A. this Fall and plans to work for her Ph. D. in the University of British Columbia next year.

Mr. and Mrs. Mel McGee, of Greenbank, Mr. and Mrs. Gordon Smith, of Colborne, and their families were guests with Mr. and Mrs. George Wadell.

Mr. and Mrs. Lionel McK. Peterborough, were guests of Mr. and Mrs. Thomas Jennings.

nutrients that they need. Knowing the deficiency symptoms for the common elements is a big help in choosing the right fertilizer to apply. In case you are not familiar with these symptoms, here they are:

Nitrogen - Yellow stunted leaves.

Phosphorus - Grey-green leaves, with purplish undersides.

Potassium - Leaf margins turn brown.

Iron - Leaves become yellowish, and veins stand out.

To make up nitrogen, phosphorus and potassium deficiencies, try one of the commercial fertilizers such as 5-10-5, 5-10-10, 5-10-15, etc. and pick the one to suit your specific needs. Remember that the grade notes the percentage of nitrogen, phosphorus, and potassium, respectively.

Apply the fertilizer at the rate of a heaping tablespoonful for each plant, work it into the soil, and follow up with a light watering. Make the first application when the new growth is well under way. Repeat several times throughout the growing season.

If your roses show definite signs of iron deficiency, spray the foliage with ferrous sulphate solution (1 ounce per 2 gallons of water).

Consulment meets with Ops Council re lagoon system

Further discussion on establishing a lagoon sewage disposal plant took place at a meeting of the Ops Council Monday.

Consulment for the town, Oliver Lloyd, of Toronto, told members of the council, that this type of disposal is being used with great success in some of the western provinces.

An area north of Lindsay, and east of the Robinson River, was suggested for the project, and would involve the purchase of part of three adjoining farms.

Sewage would be pumped from the present site to the lagoon for disposal.

The work would be carried out with the co-operation of the Ontario Water Resources Commission, Mr. Lloyd said.

 Dear Editor:

Who would have thought 40 years ago, when I made my major insurance policy, that our dollar would shrink to its present value?

I bought whole-life insurance. It gave me the most insurance for my money. There has been a reduction in the cost of required to earn the premium and I am now paying in 38 dollars. But, the legacy will be entirely in cheapened dollars.

NO GOVERNMENT HAS MORE FOR CANADA

In the past few weeks I have contacted hundreds of people in the riding of Victoria, Haliburton and Ontario North and I have addressed thousands of listeners, by using radio station C.K.L.Y. I have emphasized the achievements obtained for the people of the riding through my personal efforts, supported by the Governments at Ottawa and Toronto. I wish to again mention these improvements for the riding and for the people has meant an expenditure of millions of dollars.

To-day I wish to re-acquaint the electors with the fact that the Diefenbaker Gov't. has been a Gov't. of action.

PROGRESSIVE CONSERVATIVE

- By increasing Old Age Pensions in the amount of \$10 per month, we have added \$10 million per month to the purchasing power of our older citizens.
- We are working towards a contributory system of Old Age Pensions and Disability Benefits.
- We are increasing Federal Grants to Universities by 33 per cent.
- We have increased the purchasing power of prairie farmers by a \$40 million acreage payment.
- As a step towards a more positive assertion of national identity, we have moved to protect the Canadian magazine publishing industry.
- Through a greatly increased program of export credits, we have made it possible for Canadian exporters to compete on equal terms for overseas markets, thus pushing exports to record heights.
- We have provided incentives to Canadian industry to undertake research programs and we have assisted small business through the Small Business Loans Act.
- We have provided loans for farm improvement and fisheries improvement.
- In four years, we have doubled payment to Canadian agriculture.
- We have increased our share of the world wheat market and reduced the wheat surplus by 42%.
- In Federal-Provincial relations we have more than doubled the scale of federal payments to the provinces. We have taken the provinces out of the Confederation kitchen into the parlour, and given them a seat by the fiscal fire.
- In housing, we have instituted the most massive program of public housing in Canada's history.
- Decent and adequate housing is now available to hundreds of thousands who, before the advent of this Government, could not afford it. They were relegated to second-class status in this nation.

- We have provided loans to universities for student residences—another investment in Canada.
- The operation of the Industrial Development Bank have been greatly expanded in scope. Another Liberal "token" that we have made work.
- We have boosted our exports and redressed the balance of trade problem through devaluation of the dollar. They are now trying to envelop this simple operation in a cloud of theory and confusion. The point is—it is working. It is helping the export of Canadian goods and services. It is providing jobs.
- We are allowing double depreciation for tax purposes to industries establishing where there is chronic unemployment. This is providing new industries and jobs where they are needed.
- We have taken a number of steps to restore control of Canadian industry into Canadian hands. This is all in the process of introducing a new note of Canadianism into the conduct of Canadian affairs. We have not been afraid to make known Canada's point of view. At the United Nations — in the Commonwealth — we have spoken up strong and clear in favour of Canadian interests.
- I say that the present position contrasts favourably with the supine position which prevailed in the days of Liberal administration.
- Roads to Resources—we have opened up \$63 million in new access roads—to which the federal government contribution has been 50 per cent.

Let us take a look at some of the capital projects of this Government. And let us recall when we do so, that during the unemployment debate in the House of Commons in 1955, the only Government program to which the Hon. C. D. Howe could point at that time was the St. Lawrence Seaway.

WHAT Does His FUTURE Hold?

A Question Every Parent Must Answer!

Under a CONSERVATIVE Government

He will be forced to grow up in a country still struggling in the grips of economic chaos and complacency — where unemployment reigns supreme. His chances of obtaining a decent education — so necessary, yet so expensive — will be almost nil. Instead, he will be thrown into the already overcrowded work force to take his chances.

Under a LIBERAL Government

One of the main planks in the Liberal platform is directed right at the youth of Canada. The Liberal Party recognizing the need for trained minds in Canada, has a assist students in obtaining a university education. Interest-free loans will be made available to qualified students. Continuing family allowances past age 16 as long as a boy or girl remains a student. The future holds many benefits for the youth of Canada under a Liberal Government.

RECIPES
Banana Split Pie
1 1/4 cup fine chocolate crumbs, 1/4 cup chopped nuts, 1/2 cup melted butter, 2 cups banana slices, 2 pints Strawberry Ice Cream, 1 cup chocolate sauce, 1 cup whipping cream, 2 tablespoons sugar, 1 teaspoon vanilla, chopped nuts.

Make crust by combining crumbs nuts and melted butter. Press mixture into 9 inch pie pan. Chill. Place banana slices evenly on bottom of crumb crust. Spoon Strawberry Ice Cream in pie shell. Drizzle with chocolate sauce and top with whipped cream. Garnish with chocolate nuts. Serve immediately or place in freezer compartment for future use.

Strawberry Ice Cream Hawaiian
1 large pineapple, 1 pint Strawberry Ice Cream, 1 Pkg frozen strawberries (or 1 pint fresh strawberries), 1 cup pineapple juice.

Cut pineapple in half, lengthwise through core. Scoop out fruit and cut into small cubes. Fill one hollow half with scoops of strawberry ice cream. Combine pineapple cubes with defrosted strawberries or sweetened pineapple. Spoon mixture to serve with the ice cream. Place this cream in other half of pineapple.

Ice Cream Butterflies
If you're planning a very special party, try these special recipes. CHARM BUTTERFLIES should put stars in her eye, and they're easy to make. For 6 or 8 party goers you'll need eight Mary Ann shells or small square cake tins. Fill the hollow of 6 of these with Strawberry Ice Cream and cut each of the 2 remaining shells into small wedges. Give wings to each butterfly by placing two sticks of butter at angle on top of the ice cream.

Peanut Butter Sauce
1/2 cup light cream, 1/4 tsp salt, 1/4 cup peanut butter, 1/2 cup brown sugar, 1/2 cup syrup and salt in a saucepan. Bring to a boil and cook over low heat for 10 minutes. Add water, forms a very soft ball. (L. Grege P.)

Remove from heat. Cool without stirring. Add peanut butter, sugar and salt. Cook until thick. Add peanut butter, sugar and salt. Cook until thick. Add peanut butter, sugar and salt. Cook until thick.

The body's supply of good red blood is dependent upon an adequate supply of iron in the daily diet. Foods that are rich in iron include: beef, liver, kidney, tongue and heart, vegetables and fruits including tomatoes, spinach, canned peas, dried apricots, prunes and raisins.

How can you distinguish food that is "nutritional" from that which is "junk"? The answer is simple: if the menu does the trick. Barbecued lamb shanks, served with summer squash cooked on the same grill, are special yet economical; and so are flaming meat balls grilled on skewers. Heat French bread for the meat balls, long French rolls, or rolls on the best of the grill. Chilled raw vegetables, served as salad or appetizer, provide the needed touch of crispness to the hot, savory meal. Such a barbecue will have its just desserts with healthy slices of watermelon. If you crave sweets, remember that cookies are more suitable for outdoor meals than candy cake. If it's a backyard cookout you're staging, you might want to build your meal around a hot casserole preparation. Here's one you can make from the outdoor grill.

Proper use of your nearby kitchen can make an outdoor buffet a "picnic" in more ways than one. Here's where you can get hot things hot, cold things cold and hold reserves of food and beverage supplies for outdoor appetite.

Artichoke Lamb Chops
6 Lamb shanks, whole salt, 2 cups garlic, 2 c/n oil, 1/2 cup vinegar, 1 cup catsup.

Barber shop will remain

Patrons of the Russell and Brandon Barber Shop, William Street, N., will be interested to learn it will remain in its present location.

Due to the demolition of the building annexing it on the left into this and place to a south many people wondered place. But over lunch shanks (if the barber shop was left).

Enquiring about this, "The Post" learned from Barber L. Russell, the proprietor and business, that the building owner Oscar Russell assured the south wall of the shop will remain in fact.

Contractor Vern Wilson, who is demolishing the building adjoining the barber shop, the north wall of same (which is also the south wall of the barber shop) will be left three feet higher than the barber shop roof.

Grilled Zucchini
3 small zucchini, 3 tablespoons butter or margarine, 1/2 cup chili sauce, salt, pepper.

Wash and slice the summer squash lengthwise in halves. Place each on a square of heavy duty aluminum foil and use one tablespoon butter, season with salt and pepper. Wrap, using a double fold of foil on sides, and place on grill in bake. Turn every 15 minutes. Grill for another ten minutes. Serve six.

Flaming Meat Balls
2 lb ground chuck, 1/2 cup bread crumbs, 2 eggs, 1/4 cup salt, 1/4 teaspoon pepper, 1/4 cup ketchup, 1/4 cup chili sauce, 1/4 cup catsup.

Combine all ingredients but ketchup and chili sauce. Shape into balls. Grill on skewers, preheated grill. Turn every 15 minutes. Grill for another 15 minutes. Grill for another 15 minutes. Grill for another 15 minutes.

WHAT IS A GASTROENTEROLOGIST?

Answer — A physician who specializes in the diagnosis and treatment of diseases of the digestive tract. This specialty involves the use of the stomach and intestines. Your physician will refer you to a gastroenterologist if you have any of the following symptoms: heartburn, indigestion, bloating, constipation, diarrhea, or any other digestive problem.

Many newly performed drugs and treatments are solving digestive problems more successfully. Your physician knows the proper use of these drugs and we can fill prescriptions written by hand or machine. We are equipped with the latest diagnostic equipment.

YOUR DOCTOR CAN PHONE US when you need a medical opinion. Pick up a prescription or a sample of your stool. We will promptly mail you extra charge. A free copy of our booklet "What is a Gastroenterologist?" is sent upon request.

Planning boards urged to enlighten public

The people of Canada can expect to hear more about this planning in the future. At least that is the urgent message being a factor in development in planning meeting in conference at Toronto a few days ago.

Honoured Student Joseph Lindsay, a delegate, says that planning boards should carry out a sound programme of research, information and education. This is very necessary so people the fact that good, sound planning is very important to the sound growth of the municipality, especially in our rapidly changing times.

Continuing Mayor Holton said, the various problems that have been connected with planning boards in the province are similar to those connected with planning boards in the city of Toronto, and it would appear in comparison that the Lindsay Planning Board has been very well and has provided a real service to the community, especially in the past year and a half.

"It was strongly urged by the top people in the province to look into the connection between planning board should be very broad, even to include economic planning, especially in relation to:

- (1) What is the development of the municipality going to cost the taxpayer?
- (2) How will certain development of subdivisions effect the city?
- (3) How will the future growth of the municipality be affected?
- (4) What are the future requirements of the municipality?

One point that was stressed was that there should be coordination and mutual trust and respect between the planning board and the municipal council.

Loses license for six months

A Peterborough man lost the right to drive for six months when he was convicted of causing driving. Appearing in magistrate's court at Lindsay, on Friday, Gary D. McArthur was also assessed fine and costs amounting to \$53.50. The charge followed an accident on Highway 7 last month in which a woman and three men were sent to hospital.

O.P.P. Const. Ian Milne told the court of being called to investigate the accident and of finding a car overturned in the ditch. On investigation, it was found that the vehicle had travelled nearly 400 yards on a road in attendance at the shoulder, and in the ditch. before coming to rest on its side. Fears debt-creating trend may lead to Communism

Tells Socreds 'NOTICED... along the way' socialism first step

Fears that Canada may become an easy mark for Communism because of a debt-creating system of government have been expressed by the Social Credit candidate in this riding.

Speaking at a meeting in the Fenelon Falls area this week, candidate A.E. (Al) Hancock told a party rally that conditions in Canada today were leading rapidly toward socialism, forerunner of Communism.

Stressing the fact that all money in Canada today be- comes into existence as a debt, he declared that when total debt is reduced, the money supply will be reduced pro- portionately. Mr. Hancock also stated that "with the money supply controlled and financed by the financial institu- tions rather than by the Government of Canada, the lives and fortunes of the people of this country are also affected by financial policy, and that for this reason, the vast Canadian untapped wealth of natural re- sources remains undeveloped while the other hand thousands of workers are idle and without the money to provide for themselves."

Mr. Hancock pointed out that conditions which make it necessary for people to seek and depend on welfare rather than provide for themselves through their own initiative, lead us rapidly toward social- ism. On the other hand the mounting debt of government creates such a burden of in- terest and taxation on the people of Canada, that the time would come soon when it could not be paid. This, he said, al- so leads towards socialism, the forerunner of Communism. He expressed his great fear that "unless the people of Can- ada realize what is happening

Mother charges her son with breaking and entering

An unusual and pathetic case came to light in Magistrate Moore's court on Friday when Mrs. Oliver Drinkwater of Toronto, accused her son Dennis of breaking and entering her cottage last weekend. O.P.P. Constable J. Plunk told the court that Mrs. Drinkwater had asked him previously to keep an eye on the premises and not to allow her son in there. He had found it open on the night in question, and had found the accused inside tying up, rate.

Two Kawartha Rebekahs receive "Decoration of Chivalry"

Rev. J. J. Black dies at Barrie

A former minister of Cambridge Street United Church of Lindsay is dead. Rev. J.J. Black passed away in Barrie, on Friday afternoon.

Living in retirement, Rev. Black had been in poor health since suffering a stroke some time ago.

He is survived by his wife, one daughter Harriett and one son, Hugh.

Funeral services will be con- sidered in Barrie on Monday through the deserted village with interest also in that streets. Heads popped out city.

Two members of the Kawartha Rebekah Lodge, Lindsay, re- ceived the "Decoration of Chivalry" at a special ceremony in Penzance. Those decorated were Mrs. Mary Jordan and Mrs. Thelma Calvert.

The decoration is conferred by the Patriarche Militant and was received by a total of 12 Rebekahs from Eastern Ontario.

Presentation of the awards was made following a banquet attended by about 300 Rebekahs and Oddfellows.

XRAY TREATMENTS

Dear Dr. Steiner: My doctor has advised me to have X-ray treatments for a cancerous growth instead of operation. What I can't understand is why it will take anywhere from 5-6 weeks. And wouldn't surgery be quicker and more effective? - Mrs. M. Comment: Not knowing the nature of the cancer, its location, you will understand why I can't give you a specific answer. But here, in a general sense, are reasons why some X-ray treatments take weeks instead of one or two massive doses of therapy. Over the extended period, the radiatologist may observe the reactions as they occur and therefore guide his treatment in a rational manner. Slowly, I have postnasal drip. Although it is discomforting, it is far what you may think is treatment allows the normal tissue to regrow while the tumor becomes smaller. It is less likely to cause injury to normal tissue. The risk tolerates the X-rays much better. There is a better chance of bringing hemorrhage and infection under control. I suppose your doctors have considered whether and clearing the throat might be done. The fact that they have decided on X-ray to therapy alone indicates that they are being rather than keep on with the cancer-worrying. My sug-

POSTNASAL DRIP

Dear Dr. Steiner: I have a fear which you may think is silly. I have postnasal drip. Although it is discomforting, it is far what you may think is treatment allows the normal tissue to regrow while the tumor becomes smaller. It is less likely to cause injury to normal tissue. The risk tolerates the X-rays much better. There is a better chance of bringing hemorrhage and infection under control. I suppose your doctors have considered whether and clearing the throat might be done. The fact that they have decided on X-ray to therapy alone indicates that they are being rather than keep on with the cancer-worrying. My sug-

gest that you try to get at the cause of the postnasal drip.

Have you had a thorough nose and throat examination? Have you had a sinus X-ray? Have you had a deviated septum checked? Are you allergic to pollen or some other allergen? Do you work in a place where there are irritative, chemical fumes? It is worse in winter? Then perhaps, your membranes become dried out because of the low humidity in heated rooms. Do you have overactive and nervous? I have seen a number of people who improved when given tranquilizers or sedatives for a while. Try sleeping on three or four pillows instead of one. This helps drainage and will give you more comfortable nights. The trouble is that many people who go through life complaining about nasal drip, never take active steps to overcome it.

For Mrs. H. Of course it's

EDITORIAL.....

AN ENDORSEMENT OF SERVICE

The re-election of Clayton Hodgson as member of parliament for this riding is undoubtedly an endorsement of the man and the service he has given to the riding. Mr. Hodgson has, at those who have approached him in the name of office, kindly, and with a willingness to do something about their various problems, meeting with success in many instances.

While Mr. Hodgson on his election to his sixth term of office. At the same time we recognize the achievement of his Liberal opponent, Frank Welch, in increasing his percentage of vote to the two of concerned campaigns by the three other parties and feel it should derive a measure of satisfaction even in defeat.

Remember way back when

JUNE 20, 1912
Complaints are coming in regarding reckless bicyclists who abuse the privileges given them of riding on the sidewalks by passing pedestrians at breakneck speed. If this practice is persisted in, the law will be enforced to the letter, and police court cases will result. There is no necessity of any bicyclist using the sidewalks when the roads are in good condition.

Clean Up The Streets
Considerable refuse has accumulated on Kent St. at different points, and presents a very bad appearance. The town can well afford to employ a man to keep the streets clean of loose paper and other refuse.

Home from Camp
The 45th Regiment arrived home from Barrfield Camp, Kingston, this morning on the O.P. They left the Lindsay City about midnight and got here at 7:30 a clock.

JUNE 20, 1927
The final annual convention of the Women's Association of the Lindsay Presbytery since its organization in May, 1958, was held in the United Church, of Ontario on June 17th. There 89 registered for the morning session, many more coming in for the afternoon session. In the morning session, Mrs. Moyer, of Ontario, led in communion singing with Grace Lee of the Regina, in the afternoon, president of the W.A. of Lindsay Presbytery presided. The representative from Greenbush W.A. had charge of the devotional.

Win Trophy
Val Smith won the Reade Handicap Trophy at the Lindsay Golf Club. He defeated Dr. C. Laidlaw in the final, two up and one to get to 19 holes. In the semi-final, Dr. Laidlaw eliminated C. T. Smith. In this event it was necessary to play 36 holes before a winner could be declared.

Reports and Remarks...

DANGER - USED BATTERIES
Mercury dry cell batteries, the kind in portable radios and flashlights, explode from toxic acid when they are spent, report engineers at Union Carbide Chemicals Company.

Here are precautions:

1. Never throw a spent battery in a fire or waste container whose contents might be burned.
2. When a battery becomes too weak to do an adequate job, remove it from the equipment, and discard it immediately.
3. Store batteries in a well-ventilated place and discard any which are older than the "place-in-use-before" date stamped on them.
4. After removing batteries from equipment, place tape across the end terminals to prevent accidental short circuit or replace the battery in its original cardboard container.
5. Do not discard, submerge the battery in water and replace the steel cap of each cell to prevent accumulation of pressure.
6. Do not touch the harness battery in a garage container where it can be carried away.
7. Do not use a battery in a fire or waste container where it contains mercury which could spread toxic vapors.

LEGISLATIVE ASSEMBLY

Select Committee on Manpower Training BRIEFS INVITED

On April 18, 1962, The Legislative Assembly of Ontario appointed a Select Committee to investigate and make recommendations concerning:

1. The Apprenticeship Act and the regulations made thereunder;
2. All aspects of the apprenticeship system as presently established in Ontario and more particularly as it pertains to the training of persons in trades or crafts relating to the construction industry and in industrial undertakings;
3. The training of workers and more particularly re-training and upgrading of skills; and
4. The roles of government, industry and labour in this field.

Public hearings are expected to take place in the Parliament Buildings, Toronto, in September and October. Individuals or organizations interested in presenting submissions to the Committee are invited to contact the Secretary no later than July 1962. The Committee will be glad to supply a list of specific questions upon which comment is particularly desired, as well as background information and advice which may assist interested parties in the preparation and presentation of briefs.

J. R. Simcoff, M.P.P. Chairman.

Offer to restore part of Lawler pension cut

Lindsay's council made a recommendation Tuesday that a partial reinstatement be made to the retirement allowance of former Lindsay Police Chief Ralph Lawler. The Clerk was instructed to advise the proper authorities the town was prepared to increase the present allowance to \$700.

In an Osgoode Hall case

Reject proposal take liens on tax arrears properties

A suggestion that a lien be placed on Lindsay properties in arrears of taxes for the years 1961 and 1962 was rejected on by Town Council Tuesday.

Mayor Holton and Reeve pointed out that the unavailability of such a measure. The matter stemmed from a report of tax collections to committee members. It was noted that approximately \$113,000.00 was currently in arrears and due to the fact that this is a substantial increase, it was the opinion of members that the Clerk-Treasurer should proceed with a list of properties for lien application and registry for the years 1961 and 1962.

Mr. Taylor: "I think due to \$113,000 in arrears, the clerk should proceed."

Mayor Holton: Perhaps tax collections were low due to

stated to be heard Monday, Ex-Chief Lawler was suing the Town of Lindsay for recovery of his full pension of \$1,000.

This pension was cut by the Council's disallowance of the old age pension by Mr. Lawler.

Mr. Lawler is reported to have protested the cut many times before filing suit against the Town.

Reeve found: "I question the wisdom of placing a lien too quickly."

It was decided to delete the above recommendation from the committee's report.

Engineer's (Continued From Page 1)

The association letter read in part: "We are advised the dismissal of Engineer Timbuck by the Town of Lindsay is a complaint and that so far no investigation of his department by a professional engineer has been made. We ask an investigation of his department by a professional engineer has been made. We ask an investigation of his department by a professional engineer has been made."

Reeve found: "I thought perhaps there should have been a public investigation or audit. I don't know about this investigation by these engineers. It isn't going to do much good. This was previously covered. My suggestion is we ask an association representative to visit us here to set out and draw up terms as to how this investigation be done."

On motion of Reeve found and Councilor Payne, the association are to be informed according to Reeve found's suggestion.

"I am sorry this has happened, and apparently Tom is adamant about the whole thing so we had to alternative, but to appoint another chief."

"Mr. Williamson, I think we have a good man, and as for the rest of the former men they are gradually coming back and I feel that by the end of the week, they will all have returned."

"Of course, this move must be approved by council at the next meeting, but I have little doubt it will be O.K."

ramentals to install a septic tank and hook up the water line, but was stopped by Reeve George Stephenson.

Mr. McGill says he was told that it would conflict with the by-laws of the village and could not be permitted as then it would become a permanent residence. It was following this that he handed in his resignation.

"The Post" contacted Reeve Stephenson and was told that Mr. McGill had asked permission to pull the trailer behind the bus, but no mention had been made of the hook up for septic tank and water.

"He was asked to attend the council meeting," said Mr. Stephenson, "but did not turn up. Instead, we received his resignation."

"It caused a lot of hard feelings all around, and I for one, felt quite bad about it as he had been well satisfied with the chief's work."

"But," the Reeve added, "he must abide by the rules, otherwise there would be no control."

SLATED TO MEET

Prime Minister Diefenbaker and his Conservative cabinet are slated to meet in Ottawa today. One of the prime topics for discussion—how the minority government will operate when the 25th parliament convenes in September. The Conservatives are also concerned with how to avert another election in six months, after losing 85 seats in Monday's balloting.

LAST MEETING

Five cabinet ministers were among some 200 supporters on hand to greet the Prime Minister last night on his arrival from Prince Albert, Saskatchewan. More ministers were expected to arrive overnight and this morning for today's meeting. But for four of them it will be their last meeting. Mines Minister Jacques Plante, Postmaster-General William Hamilton, Secretary of State Noel Dorion, and Works Minister David Walker all suffered defeat in Monday's election.

MAJOR DISCUSSION

Liberal Leader Lester Pearson also has a major discussion session scheduled this morning with campaign manager Walter Gordon—now the Liberal M.P. for Toronto Davenport—and former Liberal cabinet members. The opposition is expected to review the challenging situation and the best course to pursue for the future. Pearson is reported to be most concerned over Canada's financial situation and government's present political instability.

MUST GO

The London Daily Telegraph predicted today that Prime Minister Diefenbaker must go to the country again and that he stands to lose. The newspapers said in an editorial today that the Conservative Government has lost much ground through resentment of unemployment.

MAY MEET

American officials say President Kennedy may meet with President De Gaulle later this year to resolve some of the problems between Paris and Washington. The American officials say a Kennedy-De Gaulle meeting is "logical" following the talks now going on in Paris between U.S. Secretary of State Rusk and top French officials. However, French officials say the speculation is "premature". Rusk will divide his time today between NATO leaders and French officials.

1,260 dead, 30,000 hurt

High school driver training, safety belts are endorsed by Kiwanis Club speaker

Traffic accidents on the high school roads have caused over 1,260 deaths (from design, colour and size, an undertaking in which Ontario has taken the lead. In making signs and lane, including insurance set, lights uniform the stumbling blocks has been individuals who refuse to bend or take the advice of people in authority.

The speaker favored instructing high school students how to drive properly and teach them the rules of the road, but officials have been disappointed because of lack of co-operation on the part of teachers. As some 70 per cent of the speaker was introduced by Vice President Art Patterson.

The speaker served for over three years as a member of the Royal Canadian Mounted Police and for three-and-a-half years with the Department of Transport. While with the Transport Department he was specially trained in safety problems and programs relating to highway traffic.

In answer to a question submitted by Past Pres. J. S. Johnston, the speaker said serious injuries to people, there is a concrete effort in Mr. Hodgson said facts have Ontario to have all road signposts ascertained that most of

Soviet Premier Khrushchev is on a tour of the Romanian provinces today. He left the Capital city of Bucharest this morning with Soviet and Romanian officials. Khrushchev is expected to call on farmers and workers to work harder in building Communism.

Regrets inability to attend ceremony

Mrs. Lenore MacMillan, of R. R. 4 Blackwater, has received an invitation she wishes she was able to accept.

A patient of Dr. R. Bulsky, Ottawa chiropractor, she received an invitation to attend the graduation of his brother-in-law, David G. Latta, D.C., at Davenport, Iowa, on June 23rd. He will graduate from the Palmer College of Chiropractic on that date and Mrs. MacMillan says she regrets being unable to attend.

The fatalities occur when people are tossed out of cars. Padded dash boards also help to protect passengers and to dry many cars are equipped with safety door locks on both doors cannot fly open in case of accidents.

HEAVY SIDE

Baseball is on the heavy side today with a pair of doubleheaders and eight other games. Washington visits Detroit for an afternoon contest and Boston plays a twilight doubleheader at Cleveland. Other American League action is after dark with the New York Yankees at Baltimore, ... Minnesota at the Chicago White Sox, ... and the Los Angeles Angels at Kansas City. In the afternoon, the New York Mets entertain Milwaukee for an afternoon twin-bill and Houston plays at San Francisco in the daylight. Under the lights it's the Chicago Cubs at Philadelphia, ... Cincinnati at Pittsburgh, ... and St. Louis at the Los Angeles Dodgers.

72 HOUR TRAINING PERIOD
Chicago White Sox General Manager Ed Scott wants to see a special 72-hour inter-league trading period in force. The proposal, made to Baseball Commissioner Ford Frick and the League Presidents, would add three days in mid-season to the present three-week winter period.

NINE ADVANCE

Two Americans have advanced in the London Grass Courts Tennis Championships. Chuck McKinley and Karen Hawton reached the fourth round. Other American winners yesterday were Whitney Reed, Chris Crawford, Don Douglas, Don Bell, Carol Caldwell and Nancy Riches.

THREE SECURED

Three American tennis stars have been secured for next week's Wimbledon Championships in England. Chuck McKinley is secured fifth in the men's division, and Darlene Hard second and Karen Hawton Susan in the women's division. Australians Rod Laver and Margaret Smith are top seeded in their respective divisions.

REACH FOURTH

The top four men seeded players have reached the fourth round of the N.C. Double-Tennis Championships at Stanford, California. Top seeded Rafael Osuna of Southern Cal and second seeded Larry Nigler of UCLA scored third round victories in 105-degree temperatures yesterday.

\$15,000.00 PAYCHECK

Golden State Nicklaus' 15-thousand-dollar paycheck for winning the National Open has boosted him into third place in the money winning race. Arnold Palmer remains number one with more than 48-thousand dollars, compared to 35-thousand-704 dollars for Gene Littles. Nicklaus is next at 33-thousand-180 dollars.

PLAY BEGINS

Match play begins today in the N.C. Double-A Golf Championships at Durham, North Carolina. Houston's Kermil Zarley paced 64 qualifiers with a 140 score for 36 holes yesterday.

BACK AS COACH

The Blake will be back as coach of the National Hockey League Montreal Canadiens next season. Blake signed a one-year contract yesterday to return for his eighth N.H.L. campaign.

CRITICAL CONDITION

Veteran driver Sherry Templeman of Seattle remains in a critical condition in an Indianapolis hospital with a variety of ailments that may end his racing career. Templeman, who was in an accident in a race at Grand Rapids, Michigan last Thursday, is suffering from a bruised heart, a damaged kidney and a concussion.

61 ARRE

Sixty-one of the nation's top college football players have arrived at Buffalo, New York, to prepare for the Western Bowl game on June 29th. The East and West squads will begin twice-a-day sessions today.

Hodgson casts victory 1,499 votes send me back to the sixth time

Finishes with nearly double nearest opponent's total vote

Clayton W. Hodgson casted to an easy consecutive election victory in this riding in the 1962 election. He finished in top place with almost twice the number of votes polled by his nearest opponent.

The preliminary vote count released by Returning Officer C. H. Parly at noon gave Progressive Conservative candidate C. W. Hodgson 11,949 votes, Liberal Frank Welch 6,207, New Democratic Allan McPhail 2,868 and Social Credit A. E. Hancock 754.

Returns from the expansive Victoria riding, which includes all of Victoria and Haliburton counties plus a slice of Ontario County North, were accordingly fast.

The outcome was indicated early in the returns but didn't become conclusive until about two hours had past.

As an indication of how the voting went over this riding here are some spot results from heavier polling stations:

Town or Village	Hancock	Hodgson	McPhail	Welch

Hodgson charges Liberals with dirty campaign

Clayton W. Hodgson has charged the Liberals with waging a dirty campaign in this riding. In a victory address, the winning Progressive Conservative candidate said the campaign started out dirty and finished dirty.

Speaking over CKLV-Lindsay, Mr. Hodgson told listeners:

"I have nothing to say except a word of appreciation to the voters of this riding. In a victory address, the winning Progressive Conservative candidate said the campaign started out dirty and finished dirty.

NDP candidate notes growth in support

Allan G. McPhail, New Democratic Party candidate for the riding of Victoria-Haliburton and Vice Ontario, announced the election to the PC's shortly after 11 p.m.

Said Mr. McPhail (teacher at the Brock District High School) "I am quite happy with the results of the NDP party has got in the riding. They are working for me. I congratulate Clayton Hodgson on his winning the riding. Thanks very much."

Final preliminary returns for the NDP candidate, 2,868.

STOP!... killing yourself

By Peter J. Steinhorn, M.D., F.A.C.P.

GALL BLADDER TREATMENT IN THE DIABETIC
Dear Dr. Steinhorn: I have read in your column about the management of gallstones in otherwise healthy people. What I'd like to know is your feeling about what the diabetic patient should do if he has gallstones. Suppose he doesn't have any symptoms from the stones, should he have the gall bladder out anyway? — Mrs. K.

Comment: Gallstones, which are really a collection of the doctor's experience in a large number of patients, tell us that the diabetic is better off playing safe. In other words, having the gall bladder out before complications set in. If he is referred to the hospital because of low blood sugar or other emergency he has much less chance of surviving the operation.

PLAYING IT SAFE DANGEROUS!
For example, if you are a diabetic in your thirties or forties and your doctor has discovered that you have a gallbladder, you are taking a big risk. The gallbladder is a very important organ. If you have it removed, you are taking a big risk. The gallbladder is a very important organ. If you have it removed, you are taking a big risk.

OUR BOARDING HOUSE

After a game he seems all washed out. His face is pale, he looks weary, and I'm sure it hasn't done him any good. Don't you agree that bridge can be a dangerous game for some people? — Mrs. G.

Comment: I suppose he has told you that the reason for the increased vigilance is to rule out a growth in the stomach which is not uncommon in patients with diabetes. Under the conditions, I see no contraindication to the hospital because of low blood sugar or other emergency he has much less chance of surviving the operation.

Begin improvements to burial grounds

Plans are underway for improvements to the entrance to the St. Mary's Cemetery, an official told "The Post" today.

Plans were drawn from the federal building state and will be used to widen the road to the entrance. Architects have planned for two statues at the entrance on completion of the road.

Parment will be held when the present fill has settled, he added.

For Mrs. E. from your description of this spidery virus in your legs and thighs, the usual judgment is to leave them alone and not inject them.

LOSS OF POTENCY

Dear Dr. Stetsochro: My husband is in his early 50's. Three months ago it was discovered that he had cancer of the lung, so doctors removed the entire lung. He was able to return to work in about a month, and in his sports activities in two months. The problem lies, however, with his sexual abilities. For a few months before the operation there was a decline in his desire and ability. Since the operation there has been no change for the better.

His doctor says that he is doing well physically and there is no other evidence of cancer elsewhere in the body. I would like to know how long it will take the average man to feel again the normal desires of man. — Mrs. X

Comment: There may be no connection whatever between your husband's illness and his potency. Although you may feel that the early 50's is quite young for this complaint, it is true that it comes as early as the 30's for some men. On the other hand, it will know that many in their 70's and 80's are potent. — M.

cases of impotency in relatively young men could be explained only on some psychological basis. Nevertheless, I think it is a good idea for each patient to get the benefit of an examination by a urologist. Perhaps a specialist can come up with some treatment that will help your husband. — M.

KEEP TRYING TO HELP THE AGED

In one of your columns you deplored the theory that "you can't do anything about old age." This is what everyone tells me about my father who is 73 years old. The doctor says this sweet old man has hardening of his brain arteries. They say nothing can be done for his personality, his crossness, nervousness and irritability.

Why do these doctors give up? He is my father and I feel so sad that he is not himself anymore. He is fighting to remember and survive. My father's father lived to be 93 and died pretty well to the end, so why can't my own father be the same? — Dylan Thompson said of his father's old age.

good night.

Old age should burn and rave at close of day. Rage, rage against the dying of the light."

That's the way we both feel. — Mrs. P.

Comment: As you say, it is not the dying of the light, but the cause of the patient's age, of course, that does not mean that he can be surely helped. Ask your doctor for a consultation with a Geriatrician specialist in diseases of old age. Sometimes niaia helps the brain circulation. Some times drugs in the Choroformative family help to quiet the elderly who are disturbed and agitated. It seems that you are right, rather than throw up your hands and say "you can't do anything about old age."

Do Dr. Stetsochro: I am a high school junior, 16 years old, and not very smart in my school work. I don't do well, no matter how hard I study, will hypnosis help. How about going to a psychiatrist?

Found Impaired, find \$150 here

Harold E. Cassidy, of Toronto was found guilty of driving while impaired and fined \$150 plus costs in Magistrate's Court Wednesday.

Crutty Officer J.C. McCormick, told the court of seeing Cassidy's car coming up behind him while patrolling on highway 28, near Gardiff.

"He was weaving from side to side," he said, "sometimes straddling the line and other times over on the shoulder."

He stopped the driver, he added, and found him "unsteady on his foot."

able help. Neither do I think a psychiatrist is the man to see. Do you have an adviser assigned to you in school? If not, make an appointment to see your principal. Bring your teacher along. Tell them exactly what you've told me. I'm sure they'll find a solution especially since you are so interesting in improving yourself.

Too much to be done here - Frost

Close to a thousand visitors representing well drillers, contractors, manufacturers, and suppliers from all over Ontario and the U.S.A. are converging on the Lindsay Central Exhibition grounds today and Thursday to witness one of the largest displays ever attempted by the Ontario Water Well Association. (O.W.W.A.) Heavy equipment, mobile well drills, pumps, every type and description, signs, display posters, all were in evidence at the grounds as the various manufacturers laid out their displays for the president.

President Norman Falkner of Peterboro told "The Post" this was the first attempt by the association for such a big showing and they had chosen Lindsay, as they felt it would be more central for the many visitors attending.

"It is the first time we have seen in Lindsay," he said, "but I am hoping it won't be the last at I think this is an excellent step toward what we are trying to do."

There's no limit to the creatures under people make pets. "They run the gamut. Graham Scott, the boy in the picture above, has a fancy for raccoons and the one he is holding above has his second venture in making a pet of one. It is 'Busty the Second' and he picked it up by the side of the road near his parents' Long Point farm home on Blenheim Lake. The son of Mr. and Mrs. Don Scott, of Lindsay, Graham has had his new pet about two weeks. It goes to sleep while he's carrying it around, purrs like a cat when it is contented (only louders and raises case when it is annoyed). The last one Graham raised, a grey cat which he kept and eventually he had to part company with it. He isn't sure how this little character is but he has had it about two weeks.

Too much to be done here - Frost

"Absolutely no foundation to the rumor." Mr. Premier Leslie M. Frost fully squashed a report to the effect that he was headed for a cabinet post - possibly that of finance minister in the Diefenbaker government - when asked about it by "The Post" today.

Interviewed at the noonday reception for His Excellency J. Keller Mackay, Lieutenant-Governor of Ontario, in Lindsay today, the ex-premier was emphatic in his denial of the rumor.

"There is too much to be done here," he said, "in fact I have just returned from an important meeting in Winnipeg and must be going to Toronto tomorrow."

"Since being elected to so many company directorships, I have been quite busy."

"I don't think I can take up my law practice again. Mr. Frost said it was not likely.

Regarding the cabinet post, he said it would mean residing in Ottawa and a complete change of his present way of life, which he felt was out of the question at this time.

"It's nice to be home again," he added, "and in wanting to have more time for my friends, and my family."

Mrs. Frost turns thumbs down on cabinet idea

If former Premier Leslie Frost is asked to become a cabinet minister of the Diefenbaker government, his wife encountered considerable opposition close to home.

Discussing the matter with Mrs. Frost this morning, "The Post" learned she does not favor her husband entering politics again.

Said Mrs. Frost: "I don't want my husband in politics again. After 25 years of it, I prefer to have him in retirement where I can enjoy his company more."

Percy Schroter, a farmer of South Verulam township passed away at Hillcroft Hospital, Bobcaygeon on June 9, 1962 after a period of prolonged illness. He suffered much with marked cheerfulness.

He was the son of the late Wm. Schroter, of Snowdon Township where he resided until moving to the farm in Verulam in 1942. He was a quiet progressive farmer, whose greatest interest was holstein cattle and horses. He is survived by his wife, Mrs. Mary Schroter.

HOMEMAKING TIPS
Refrigerate foods in small batches and in shallow pans say home economists at MacDonald Institute, Guelph. Some foods, such as pie fillings and potato salad, slowly, even under refrigeration. Bacterial growth during the cooking period may be rapid, so it is best to give foods optimum cooling conditions.

Here's a new way to separate the leaves of head lettuce and yet keep leaf breakage to a minimum. Cut out the core and remove the coarse outer leaves. Hold the head, cut up, under cold running water to loosen the leaves.

Most vegetables should be refrigerated as close to 32 degrees F as possible. The Food Department at MacDonald Institute, Guelph, recommends placing vegetables in plastic bags and storing in the cooler until their use. Exceptions are potatoes and tomatoes which are best kept at room temperature.

Looking for a way to "dress up" oven roasted potatoes? The Foods Department at MacDonald Institute, Guelph, suggests you carve tiny holes in the sides of raw potatoes and coat them with green sauce. Put to the roasting pan and cook with the roast. It's different and delicious too.

HOUSEHOLD SCRAPBOOK
By Roberts Lee
Wenden Books
A natural-walrus salad bowl will last longer and be easier to keep clean if you give it a coat of clear shellac or eucalyptus lacquer inside and outside before using for the first time. After that, there's no need to wash it - just wipe it clean with a damp cloth.

Fabric Treatment
A good cleaning treatment for your pinstripes is an overnight soaking in very soapy water, then a good rinsing in the morning, after which you hang them up freshen up to dry.

Fresh Cake
To avoid breaking a fresh cake, cut it with a strong silk thread. Hold the thread taut with both hands and pull it back and forth in saw fashion as you cut through the cake.

for the ceremony and "Ava Marie" at the signing of the register. The bride given by marriage by her father, was elegant in her floor-length bubble-type sheath gown of pure silk organza over tulle, enhanced with a ruffled neckline and three-quarter length sleeves, bordered with imported Alençon lace and embroidered with two large appliques on skirt. Her cumbersome waistline was flattened with a detachable train of organza caught at back with a butterfly bustle. Her circular crown of tulle petals and orange blossoms was caught to a fingertip veil of silk illusion, and she carried white tulle roses with Baby's Breath. Identically groomed in white organza dress with round neckline, tiny sleeves and cumbersome waistline that seemed overkill over the sheath was the maid-of-honor Beverly Chambers, bridesmaid. Shirlene Riches, Lorraine Jackett, and flowergirls Susan and Cynthia Chambers. Their hats were matching flowered pillboxes with veils. Red and white striped carnations flared up their bouquets. Mrs. Russell Day is in hospital for a rest following a spell of angina. A very speedy recovery is wished to Russell who is badly missed by many board of church and school to which he belongs.

Mr. Mel Stark was taken to Lindsay Hospital where he is recovering from an emergency operation. All hope will be around in good time to take advantage of the tourist season in his home.

The children of the district schools with their teachers and some of the mothers took an extensive sight seeing tour of Toronto recently. Their points of call were the Museum, the Parliament Buildings, Fort York, Mallon Airport and Riverdale Zoo, in a full and educational day was spent. It was surprising to hear the knowledge they had picked up, each traveler seemed to have noticed something different. The teachers were Mrs. McNabb of Dartmouth, Miss Miller of Sebring, Miss McGivray of Mud Lake, Mrs. McCrackin of Sylvia Glen and Mrs. McNamara of Dairymple.

Mrs. Thrasher has returned from a holiday in Midland at the local polling booth which was called for the election by Mr. Wm. Levin and Mr. A. McCrackin some 54 voters cast their ballots out of a possible 78.

PUBLIC WARNING

Communist China is expected to receive a public warning from President Kennedy on military aims against Formosa when he holds his news conference this afternoon. Kennedy reportedly will state the stand that the U.S. at the present time is not ready to put the nationalist held islands of Quemoy and Matsu under American protection.

CALLS FOR A HALT

Informed French sources in Algiers say a secret army organization officer has called for a halt of O.A.S. "scorching" activity in the port city of Oran. It is not known whether the officer was speaking on behalf of all O.A.S. leaders. One, the last O.A.S. stronghold, was the scene of a huge waterfront fire started by the underground Monday night.

BOASTS 30 SEATS

The right-wing Social Credit party which now boasts 30 seats in the House of Commons will meet near Quebec City today for their first caucus. National leader Robert Thompson will preside over the meeting with deputy leader Real Caouette also in attendance. Also, the 99 elected Liberal candidates are gathering today in Ottawa for a briefing session.

EXPORTS UP

The Bureau of Statistics reports this morning that Canada's commodity exports to the United States in April were up 19-point-seven per cent from last year. Imports were up 16-point-four per cent. The Bureau said that April exports were worth 20-million, 200 thousand dollars while imports totaled 352-million, 300 thousand dollars.

ENCOURAGING

A number of the U.S.-Canada inter-parliamentary group says the strengthening of the Canadian dollar after obtaining one billion dollars in foreign credit is encouraging. Maine Republican Congressman Stanley Tupper says it's hoped the Canadian government also will soon lift the temporary measures it has taken during its period of austerity.

HONORARY DEGREE

An honorary degree in civil law was bestowed upon U.S. Secretary of State Rusk today at Oxford University as he prepared to leave England for Lisbon, Portugal. One important task facing Rusk during his 22 hours in Lisbon will be the matter of renewing a lease for the U.S. air base on Portugal's Azores Islands. The lease runs out December 31st and the Portuguese may seek certain concessions before renewing it.

PLOT KILLED

Test pilot John Temple of Toronto was killed yesterday after he avoided crashing his experimental aircraft into a heavily populated area near Brampton, Ontario. The 29-year old pilot was about 200 feet above ground when his FBA-3C plane lost power and started to dive into a public school yard. He managed to follow the plane away from the residential area before crashing.

New haven for boatmen on Sturgeon

There's a new haven for boatmen on Sturgeon Lake this summer. . . the "Sturgeon Marina" at Kennedy Bay, just west of call along from Pleasant Point on the way to Boboyegen. Now in its final stages of completion, the project is the product of C. W. (Bill) Jardine's planning. A long time resident of Lindsay, Mr. Jardine hit on the idea of a marina when he was looking ahead to the time when he would retire from the service of Canadian Oil Companies Ltd. (White Rose). Starting full scale development in 1961, Mr. Jardine that year completed a three-bay slip along with extensive water fencing. Now, as he prepares to officially open his sales and service depot on Dominion Day Weekend, he has undercover accommodation for 15 boats

and slips for 12 others. Further extension of underground facilities is planned. All existing space has been rented, largely by Lindsay boat owners. The marina site takes in an area 212 feet deep with 200 feet of lake frontage and 500 feet along the road. The top picture shows the Jardine summer residence (far left), the nearly completed shorehouse (centre) and a section of the first covered boat slips to be built right. The lower picture shows the larger of the two under cover slips and a portion of outdoor mooring accommodation. Retiring June 1st, after 38 years with the firm (he went on pension a year ahead of schedule), Mr. Jardine is now devoting full time to the enterprise.

Gas operations manager 45 years with firm

Charles Henry World, manager of Consumers' Gas Company's east central district (includes Lindsay) this week celebrates 45 years with the firm. He is joined in Toronto as an office boy in 1917. He took part in negotiations for purchase from Ontario Shorag Company of the underground gas distribution systems in Ottawa, Whitby and Bonnaville and was appointed manager of these organizations in May, 1966. The communities of Ajax and Pickering were added to his area in January, 1957; Lindsay in December, 1957 and Peterborough in 1959.

TOSSER A NO-HITTER

Red Sox righty Earl Wilson tossed the second no-hitter of the Major League season, a brilliant 2-0 performance against the Los Angeles Angels last night. Wilson helped his own cause with a homer and faced 31 batters, giving up four harmless walks. It was Wilson's first complete game of the season and gave him a 6-2 record. The last no-hitter at Fenway Park was Jim Bunning's on July 20th, 1958, for Detroit. Ironically, the losing pitcher was Bo Belinsky, who pitched the other no-hitter earlier this season. Boston owner Tom Yawkey says he will reward Wilson with a one-hundred dollar salary boost.

AFTERNOON GAMES

All the American League pennant contenders have afternoon games today. Minnesota visits the New York Yankees, Cleveland is at Detroit and the Los Angeles Angels at Boston. After dark, it's the Chicago White Sox at Baltimore and Kansas City at Washington. St. Louis plays an afternoon doubleheader at Chicago. In the National League and Cincinnati is at San Francisco for a day game. Under the lights, the New York Mets play at Pittsburgh and Milwaukee at the Los Angeles Dodgers. Houston and Philadelphia are idle.

NATIONAL LEAGUE UNIFORM

Veteran outfielder Bob Cery will be in a National League uniform for the first time in his 11-year Major League career. The Yankees sold Cery to the Houston Colts for the 20-thousand dollar waiver price. Cery had three hitsches with the Yankees and also played for Kansas City and the Los Angeles Angels. Minnesota recalled lefty Bill Peiss (Pipho) from Vancouver and optioned Jim Donohue to the Pacific Coast League Club. Baltimore pit veteran catcher Gus Triandos on the active list and sold outfielder Earl Robinson to a minor league team.

BACK IN ACTION

The men will be back in action in single competition

Sports Parade

at Wimbledon today. Top U.S. hope Chuck McKittrick of St. Louis teamed with Dennis Ralston of Bakersfield, California, to win their opening doubles match yesterday.

STUNNING UPSET

But the big news of the tournament was unseeded Billie Jean Moffitt's stunning upset of top seed Margaret Smith of Australia yesterday. The 18-year-old Long Beach, California, star scored a come-from-behind triumph over Miss Smith, 14-6, 3-6, 7-5, to gain a third round berth. Second seeded Darlene Hard also advanced to the third round with Miss Moffitt and two others. Karen Hantze Susman led five Americans into the second round.

SIGNS PRO CONTRACT

World 100-yard dash record holder Frank Budd of Villanova has signed a pro football contract to play with the Philadelphia Eagles next season. Budd was so outstanding high school football player at Aubury Park, New Jersey, but played no college football. Eagle coach Nick Storch says Budd may be used as a flanker or scabbard.

WEEKEND MEET

The Polish National track and field team will arrive in Chicago today for its weekend meet with the United States. The Polish team is made up of 28 men and 19 women.

ANTI-TRUST SUIT

American Football League owners meeting in Boston plan to open the 10-million dollar anti-trust suit against the National Football League. At yesterday's second session the owners heard bids from interests in New Orleans, Atlanta and Kansas City for new franchises, but delayed a decision on expansion proposals.

Tiremen tie series with 10-4 win

Canadian Tire battlers took a liking to Buzz Hodgson's elite and Union Carbide's series last night and downed the Viking Division 10-4 to Union Carbide's six hits were the Canadian Tire and Union Carbide for first place in the League standings.

Canadian Tire collected six hits and eight runs off Buzz Hodgson in the four innings he pitched before departing for his Peterborough assignment. Don Lucas stemmed the flow, shutting out the Tiremen after one hit and one error gave them a pair of runs in the fifth. Don struck out eight batters in the four innings he pitched.

Don Oswald picked up the win for Canadian Tire holding Union Carbide to four runs off six hits and two C errors over the nine innings. Bob struck out ten.

Don Jackett and Paul Ashmore honored for the winners while John Horton hit a four play smash for U.C. Canadian Tire opened the second inning with the second inning. Union Carbide tied the count in the top of the third, but the Tiremen ran in four runs before the second out in the bottom half. Union Carbide got one in the fourth and two in the fifth before Oswald shut the door on them.

Horton's homer produced this final pair. An infield error: Bob Oswald's single and Don Lucas' homer put a further run into the fourth while Vaughan's double off Don Lucas in the fifth wound up the scoring for the night.

Don Jackett led the battlers

Austerity comes to Canada

Canada raises tariff wall, forecast higher prices

United Press International

Canada is moving to forestall a serious financial crisis. It has raised a temporary tariff wall and asked foreign sources for more than one-billion dollars in financial assistance.

Prime Minister Diefenbaker announced a five-point plan to reduce the cost of living and to raise prices on the Canadian dollar and cut the country's imbalance of trade and current account.

It all adds up to national belt-tightening after a period of easy spending and a mounting debt.

For the man on the street, the price of many goods will be higher prices for a while longer.

The key item in the program is a higher surcharge on more than half of Canada's \$10 billion dollar a year import trade. The three billion dollars covering imports will be lifted over the second half of the year.

The government has also asked foreign powers to help by trying to complete the Canadian market.

The fact was May third when the government decided to extend the Canadian dollar to the dollar at the bottom of the American currency.

It is the high cost of holding the dollar at that figure that has led to the austerity program.

The government has also slashed government spending by 250-million dollars and has also slashed tourist expenditures.

Assembly challenged to leave a creditworthy heritage

An estimated 300 persons gathered at Riverside cemetery Sunday, June 24, to join in the annual community decoration and memorial service, sponsored by the I.O.O.F. and the Canadian Legion.

The service was not only deeply impressive but it was the forerunner of the day in low in our footsteps tomorrow. What are we to ensure we leave a creditworthy heritage to our work, the challenge.

"Each one of us has his own special mission to acquire in connection with everyday work. We must minister to those associated with us, working unselfishly for the betterment of our fellowmen, now and for future generations," he stated with impressive sincerity.

Two still in hospital after Highway 35 crash

Three Toronto people were taken to Ross Memorial Hospital Friday night, following a two-car accident on Highway 35, south of Lindsay.

Still in hospital, are Enda Emswiler, 33, driver of the first car, who suffered a fractured pelvis, and other injuries, and his mother-in-law, Mrs. Kathleen Emswiler, 58, who was taken to hospital for observation.

Damage to both vehicles was extensive, and no further news of the crash has been released.

The second driver, Ronald Vesting, 30, was released.

Police say that both vehicles were involved in the crash. The first car was a 1961 Ford, and the second car was a 1960 Chevrolet.

The crash occurred on Highway 35, south of Lindsay, at the intersection of Highway 35 and Highway 35.

Hit by car, child unharmed

A Lindsay child, 10, was struck by a car while crossing Sussex St. on Saturday afternoon.

Police say Frank L. De Moyer, of Lindsay, driver of the car, was unable to avoid hitting the little girl, as she darted out in front of it.

She was taken to hospital, but was not injured, and was released.

Const. Bowes investigated.

Foot slips from brake to gas, plate glass gets the break

Mrs. Ellen Appleton, of Lindsay, was the driver of a car that went out of control, climbed the curb, and smashed a window Sunday evening.

On a temporary permit, she was driving beside her son, a 16-year-old boy, who was not available for comment.

Police say that her foot slipped from the brake pedal, and she hit the gas pedal.

HOME MAKING HINTS
To keep Ontario hives head and feet less as crisp and white as the Pock's beehive, the parliament of Macdonald Institute, Guelph, suggests that the lattice be wrapped in a plastic polyethylene film. Always store lattice in the refrigerator and in a vegetable crisper, if possible.

Serve that gelatin dessert on warm wafers, says the food experts at Macdonald Institute, Guelph. Gelatin mixtures set temperature will be in the heat. Making the evening's dessert in the cool of the morning means that it will set and hold better.

Canned foods can give an indication of spoilage, remind the food experts at Macdonald Institute, Guelph. Swelling or distortion of the can, odors or odors or unusual sprouting when the can is opened indicate that the contents are spoiled and should be discarded.

Skin milk powders offer a simple way to augment calcium intake. To obtain milk's necessary nutrients when regular deliveries are not available, the Foods Department at Macdonald Institute, Guelph, remind that the powder should be stored in a cool, dry area, and that the same care must be taken with the reconstituted product as with fresh bottles.

HOUSEHOLD SCRAPPAGE

on Walpole

Most ink spots can be removed from wallpaper by applying a weak solution of water and oxalic acid. Apply with a paint brush and press with blotting paper, as the acid might affect the color of the wallpaper. It might be necessary to repeat the process a second or third time.

Cleaning Bottles
Glass bottles and decanters are sometimes difficult to clean. Try cutting them into small pieces, dropping these into the bottle, half-filled with water, and then shaking.

HOW CAN I protect leather?
A: You can do this for a year to three by spraying it with a one per cent solution of alcohol or one per cent thymol in alcohol. These are procured at drug stores. Before using, test a small inconspicuous place first to make sure the color will not be affected. Use a good wax dressing on shoes, and give the soles a thin coat of wax.

How can I insure a wood or machine screw's remaining tight?
A: Before repainting the exterior of your house, coat the iron nails and nails immediately after painting with the plastic aluminum. This will plastic with lacquer thinner to the edges of the screws. Rub a little oil on the screws and apply with a small brush.

lightly in place?
If you'll put a drop of shellac on the threads of the screw before inserting it, the shellac will act as a cement for holding the screw firmly in place.

FOOD POISONING DANGEROUS BUT CONTROLLABLE
Every summer with the coming of warm weather and picnics, news media report numerous cases of bacterial food poisoning. The Foods Department at Macdonald Institute, Guelph, outlines some of the ways of minimizing risk and the means to control them. They emphasize that the best control is prevention and refrigeration of all foods.

The bacteria are killed by lemmings above 160 degrees F. and their growth is retarded above 45 degrees F. For any length of time allows their rapid and abundant growth. Because these bacteria are found everywhere, even in the air, it is difficult to protect foods. Bacterial food poisoning often produces no symptoms, other than nausea or texture of foods.

Poisons especially susceptible are meats, dairy products, and dairy products. Another danger is turkey and chicken, and their products. Another danger is the internal temperature of the stuffing must reach 160 degrees F.

STORE HOURS: MONDAY TO THURSDAY 8 A.M. TO 5 P.M. FRIDAY 8 A.M. TO 6 P.M., SATURDAY, 8 A.M. TO 4 P.M.

You can take short cuts. We didn't.

A Volkswagen is built to last. We start by submerging the VW body in a pond of salt. Then we bake it and send it by hand. Every job.

Then we spray the entire body, inside and out, with a second coat.

Then it's baked again and send by hand and sprayed with a third coat and sprayed with a fourth coat and baked. (One both, three showers, three rubdowns. No wonder a Volkswagen stays in shape.)

Then we put the car together, for brass.

Our 5,000 inspectors make sure that nothing is loose, or it is likely to come loose. Ever. (If you hear a rattle in the Volkswagen, clean out the glove compartment.)

Take a look at the underside of a VW. Here, too, we took the long way 'round to make a car that thrives on short cuts. The bottom of the Volkswagen is completely covered with a sheet of metal and sealed with rubber. Everything is enclosed and protected against flying stones and deep water. But don't take our word for it. Be our 5,001 inspector and try the Volkswagen on the rocks.

STOP!... killing yourself

HYSTERECTOMY PROBLEM
Have you been advised to have a hysterectomy operation for removal of uterus? If so, are you torn between the need to have the operation and the many facts which are inherent in such a decision? Your anxiety is a normal human reaction. After all, who wants to have surgery if he can get away without having it done?

Now, it's undoubtedly true that many hysterectomies have been performed in the past. I might also experience doubt that might have been right without this operation. Some doctors still advise uterine removal if they discover a small, harmless fibroid tumor which shows no evidence of growing larger. Such patients can live to old age without further uterine trouble.

However, there are definite indications for hysterectomy. For example, chronic bleeding, increasingly large fibroid tumors, or the discovery of cancer. When the patient is faced with any of these problems, he should have no hesitancy about operation. It becomes a must rather than a choice. Sometimes the patient is reluctant to have surgery.

because of "medical fairy tales." Consider the following letter:
Dear Dr. Steinhorn: I am 34 years old and my doctor is planning a hysterectomy. He tells me if he removes only the uterus (not the ovaries) I will not go into menopause immediately after operation.

Recently, a lady wrote saying that she had a hysterectomy and she hated her husband and children following the operation. Is there a chance that I might also experience hate for my husband and child? - X

Comment: Have no fears about post-hysterectomy hate. Many women have told me that a hysterectomy had no more effect on them than a tonsillectomy. It will take more than a surgeon's knife to transform you into a husband-and-child-hater.

GALL BLADDER OPERATION NOW OR LATER?

Dear Dr. Steinhorn: For the benefit of all readers of your column, and especially those who have gall bladder trouble, I wish to state my own experience. I suffered many gastric attacks, fullness, and feeling uncomfortable after

eating... but I allowed this condition to exist for several years because I didn't want to have the operation my doctor advised. Finally, came the day of reckoning. I was rushed to the hospital for an emergency operation. They removed my gall bladder (which was already gangrenous) and contained stones. I almost died.

And as a result of the gangrenous condition I had to return to the hospital in about two weeks after coming home and have a second operation: an abscess drained in the gall bladder region. This time it was necessary to remove two ribs in order to drain it effectively.

So, to all your readers: I see the wise thing to do is follow your doctor's advice and give some good surgery a chance to remove the sick gall bladder before real complications set in that may kill you. - X

Comment: Not so much WHEN to have an operation (any operation) but IF to have it at all, is the common problem. Not when to have had tonsils out but should they come out at all? Not when to have a prostate operation, but why not have massages instead

W. J. Mulvihill

Former resident dies in Vancouver

Walter J. Mulvihill, a former resident of Lindsay, died in Vancouver on June 13th, in his 72nd year.

In his younger days he resided on Russell St., just east of William St., and attended St. Dominic's School.

He left Lindsay about 1912 and for many years railroaded in Western Canada, afterwards being employed by a lumber firm.

He is survived by his brother, J. J. Mulvihill, of San Gabriel, California, who recently retired after 39 years service with the Santa Fe Railway.

of the knife? Not when to have an operation to repair a hernia, but why not rest, or have a support for the rest of one's life?

So go the unanswered questions. Mrs. G's point is well made. In this column I will make pointed out that sometimes a patient may have "silent" stones which cause him no symptoms. He may want to gamble on not having an operation. However, if he has definite gall bladder trouble, it is better to have the operation before serious complications set in.

Science has turned up some reasons for believing the male and female brain are different. A scientific study of brain behavior in 22 men and women before and after one of their brain tissue had been removed surgically. He suggested that some physiological mechanisms underlying the

judgment and verbal ability may develop in the female brain, but in the male brain these mechanisms are in opposite hemisphere.

Dr. Jonas Salk has predicted development of a new vaccine to cure to protect man against all virus-caused disease. Salk who developed the first effective polio vaccine, says continuation of the current trend in research would lead to a multi-disease vaccine. He also says specific forms of cancer may be controlled through immunization against over-virus-caused disease.

CHANGES IN

DEMERIT POINT SYSTEM

Ontario Department of Transport announces changes in Demerit Point System effective July 1st, 1962.

The Point System has been changed to encourage better driving habits and to correct dangerous driving by strengthening the demerit system. The changes are designed to save lives — including yours.

NEW DEMERIT POINT SCALE

Points: Violations

- Failing to remain at scene of accident
- Carrying driver
- Exceeding speed limit by 30 m.p.h. or more
- Failing to stop at red light
- Exceeding speed limit by more than 15 m.p.h. and less than 30 m.p.h.
- Failing to stop for school bus
- Following too closely
- Exceeding space limit by more than 7 m.p.h. and less than 30 m.p.h.
- Driving under, through or around a railway crossing barrier
- Failing to obey the directions of a police constable
- Oversteering driver's seat
- Improper passing
- Driving wrong way on one-way street
- Driving wrong way on a divided highway
- Failing to yield right-of-way
- Failing to stop at stop sign, red light or railway crossing signal

STOP!... killing yourself

ALWAYS CHILLY

Dear Dr. Steinhorn: "I'm sure there are many of your readers who would like to know if there is anything that can be done for us, who are 'cold-blooded.' I am always chilly. I seem to have little ability to create warmth from my body. In fact I can't even make a warm spot in bed. My best solution thus far is to take a ludicrous hot bath—but that's only temporary heat. Otherwise I enjoy reasonably good health at 37.

I have felt this way as long as I can remember. It is not only uncomfortable but even embarrassing. Those who easily radiate heat think you must have holes in your head if you even suggest the time. Any suggestions? Mrs. M.

Comment: Why don't you and your family doctor put your heads together—and I'm sure we won't discover holes in yours. Sometimes a physical examination will help with the answer. I would want to know if your thyroid is underactive (a common cause of

EYE PROBLEM IN DIABETIC

Dear Dr. Steinhorn: I am a diabetic. Otherwise my health seems good, but my eye-sight is failing. Can it be helped? Can I be fitted with glasses? Please comment real soon. Mrs. J.

Comment: Your doctor has undoubtedly advised you to see an eye specialist. That is if you see your doctor lately. Your symptoms certainly need immediate attention. Your loss of good vision may be due to the diabetes itself. For example, you may be developing what we call a diabetic retinopathy—atrophy of the retina in back of the

eye. Unless you receive early treatment for this condition there is the possibility of complete loss of sight. Therefore, of course, or not, better do something about it right away. Of course, there are other possibilities like glucoma, bleeding cataract—these, also, may require immediate care. Now that I have listed some of the serious possibilities, let me make one more guess. This will depend upon how old you are. If in your forties, your trouble may be the common one most people experience: a lack of accommodation in the lens of the eye which produces difficulty in reading. All you may need is bifocals. However, as I have said, all this is speculation. Why guess when your eye specialist can give you the true answer.

STUBBORN PSORIASIS

Not one has been able to help him. He has taken shots, pills and medicines of all

At present he is taking far baths and sunbath treatments. They seem to relieve the dryness but do not heal.

Is there a cure for this condition? I hope you will help if you can. It is a dreadful thing to have to bear. Mrs. M.

Comment: I know what you mean. All I can say is to keep trying, but don't get flitting from one doctor to another about a year ago a doctor said to me: "You have no right to say that psoriasis can't always be cured. I can help every case." I disagree then as I do now. Unfortunately, many cases resist any form of treatment.

Woodmen of the World hold convention in Lindsay

The Canadian Woodmen of the World held their 69th convention in Lindsay June 15-20-21 with delegates assembled from Vancouver on the west to Ottawa on the east and also Mr. and Mrs. Albert Hucker, of St. Louis, Missouri, representing Camp No. 8 of the American Woodmen.

Cooperating in the Moose Hall at 8:00 p.m. on Tuesday evening the Lindsay camp put on the degree work for the initiation of a candidate from the Postopol. The officers at the different stations were: Past Commander Fred Palmer, Past Consul Commander Ben Stevens, senior Lieutenant Ray Stokes, Banker Merion Avery, Escort Alan Stokes, secretary Francis Stokes, Watchman Ed Nichols and Camp Post Ted Panning. The ladies of the drill team gowned in white evening gowns with red rose corsages made a pleasing contribution to the degree in a well executed routine. The drill team consisted of Mesdames Valma Stevens, Isabel

on a tour to Peterboro where they were shown many places of interest including the lift locks and T.V. Station.

Wednesday evening the Ladies Auxiliary of the Canadian Legion served a delicious banquet and approximately 120 guests assembled. Garret Powell and his orchestra supplied music for modern and square dancing.

The convention recommenced Thursday morning at 8:00 a.m. for further business and election of officers. Three head camp officers had to be filled. Thursday afternoon the newly elected officers were installed and the business of the convention concluded.

The Woodmen of the World expressed their appreciation for the cordiality and hospitality accorded to them by the people of Lindsay.
